ACTION ITEMS

Update on the edTPA Standard Setting Committee and Amendment to Section 80-1.5 of the Regulations of the Commissioner of Education to Extend the edTPA Safety Net and Revise the Eligibility Criteria for the Multiple Measures Review Process

Your Committee discussed amending Section 80-1.5 of the Regulations of the Commissioner of Education to extend the edTPA safety net and revise the eligibility criteria for the Multiple Measures Review Process. Currently, the regulations authorize candidates to take advantage of the edTPA safety net until either the date a new passing score for the edTPA is approved by the Commissioner after a recommendation is made by a new standard setting panel or until June 30, 2018, whichever is earlier. In order to help candidates transition to the Multiple Measures Review Process, the Department
recommends extending the existing safety net to June 30, 2018 even though a new passing score will be effective before this date. Beginning on July 1, 2018, the ATS-W (the current edTPA Safety Net) will no longer be available and candidates will no longer be able to register for or take that exam. Candidates who may want to take advantage of the edTPA Safety Net must plan to take the edTPA and receive their edTPA scores in time to register and sit for the ATS-W. The Department will communicate the edTPA Safety Net extension to the field continuously through June 30, 2018. During this period, the Department will begin to implement the new Multiple Measures Review Process and make such process available to students who meet the criteria. VOTED: That 80-1.5 of the Regulations of the Commissioner of Education be amended, as submitted, effective September 12, 2017, as an emergency action to preserve the general welfare by ensuring that teacher candidates who will be taking the edTPA from the time the new passing score is implemented until the implementation of the Multiple Measures Review Process are able to take advantage of the Safety Net and are not at a disadvantage. The proposed amendment will become effective as an emergency measure on September 12, 2017. Following the 45-day public comment period required under the State Administrative Procedure Act, it is anticipated that the proposed amendment will be presented to the Board of Regents for adoption at its December 2017 meeting and would become effective as a permanent rule on December 27, 2017. HE (A) 1

**Proposed Amendment of Sections 30-3.2 and 30-3.5 of the Rules of the Board of Regents and Sections 52.21 and 80-3.10 of the Regulations of the Commissioner of Education Relating to the Adoption of the 2015 Professional Standards for Educational Leaders with Certain New York Specific Modifications for the Purpose of Registration of School Building Leader Programs and School Building Leader Evaluation**

Your Committee discussed amendments to Sections 30-3.2 and 30-3.5 of the Rules of the Board of Regents and Sections 52.21 and 80-3.10 of the Regulations of the Commissioner of Education relating to the adoption of the 2015 Professional Standards for Educational Leaders (PSELs) with certain New York specific modifications for the purpose of registration of school building leader programs and school building leader evaluation. The proposed amendment establishes new professional practice guidelines and expectations for all principals. Any evaluations of the school building leaders under the new standards will go into effect after December 1, 2022. In addition, the proposed amendment requires that any evaluation of principals conducted on or after December 1, 2022 shall be aligned to the PSELs, with modifications as determined by the Board of Regents. However, nothing shall be construed to abrogate any conflicting provisions of any collective bargaining agreement in effect on December 1, 2022 that requires the use of the 2008 ISLLC Standards. This change will require that all principal practice rubrics be resubmitted to the Department through an updated Request for Proposals, which the Department will release to the field prior to December 1, 2022. The ISLLC Standards are also contained in the regulations relating to the clinically rich principal preparation program, which expired on June 30, 2016. In an effort to conform the regulations to current practice, the Department also recommends making a technical amendment to repeal references in Sections 52.21 and 80-3.10 to the clinically rich principal preparation
program. The PSELs must be used beyond school leadership preparation programs to develop competencies and converted into a rubric that will guide principal professional development and principal evaluation. The Commissioner requested that forums be held for principals and other interested stakeholders to react to the adoption of the PSELs. HE (A) 2

MOTION FOR ACTION BY FULL BOARD

Madam Chancellor and Colleagues: Your Higher Education Committee recommends, and we move, that the Board of Regents act affirmatively upon each recommendation in the written report of the Committee’s deliberations at its meeting on June 12, 2017, copies of which have been distributed to each member of the Board of Regents.

MATTERS NOT REQUIRING BOARD ACTION

Proposed Amendment to Section 145-2.1 of the Regulations of the Commissioner of Education Relating to the Eligibility Criteria for the Tuition Assistance Program

Your Committee discussed a proposed amendment to Section 145-2.1 of the Regulations of the Commissioner of Education relating to the eligibility criteria for the Tuition Assistance Program (TAP). The proposed amendment makes a technical amendment to Section 145-2.1 of the Commissioner’s Regulations to change an outdated reference to the Office of Higher and Professional Education to the current name of the Office of Higher Education. The proposed amendment also provides additional flexibility to students who have difficulty meeting full-time status in their program of study during their final year, most typically due to some quantity of extraneous credits earned for college during high school, or due to transfer credits, or extra credits received while the student was pursuing additional majors. The proposed amendment allows a student to meet the full-time study requirement in their second to last semester of eligibility if the student takes at least 6 credits needed to meet their graduation requirements and the student enrolls in at least 12 semester hours or its equivalent. Following the 45-day public comment period required under the State Administrative Procedure Act, it is anticipated that the proposed amendment will be adopted as a permanent rule at the December 2017 meeting. HE (D) 1

After the adoption of the proposed amendment by the Board of Regents at its July meeting, the Department became aware that one public comment concerning the proposed amendment had been received during the 45-day public comment period required under the State Administrative Procedure Act. The Department reviewed the public comment and prepared an Assessment of Public Comment, which is included as Attachment B. No substantive revisions to the proposed amendment are recommended as a result of the public comment received. BR (CA) 4

MATTERS NOT REQUIRING BOARD ACTION

Update on the My Brother’s Keeper (MBK) Initiative – Regent Young provided an update on the MBK Symposium held on August 30, 2017 in Washington, DC. New York State was invited to participate with Boston and Houston, who had representatives at this meeting. The next New York State MBK Symposium will be held on February 16, 2018 and they are projecting 500 participants from around the state. It is anticipated that an inaugural group of MBK fellows will attend this symposium.

Senior Deputy Commissioner’s Report – Senior Deputy Commissioner Jhone Ebert updated the Committee on two important initiatives/celebrations.

The New York City Department of Education Full Participation in the Community Eligibility Provision. On Thursday September 7, 2017, the New York City Department of Education (NYCDOE) began providing breakfast, lunch and snacks at no charge to 1.1 million NYC students at approximately 1,600 locations which includes all NYC public schools, as well as early Pre-K, Pre-K, GED, and private and charter schools receiving foodservices from NYCDOE. Department staff was instrumental to having this opportunity made available to all student in NYCDOE.

180-Day Session Requirement Advisory Committee. SED has invited organizations to participate on an advisory committee this fall to review all existing laws, regulations, and guidance concerning the 180-day session requirement, including superintendent conference days, staff professional development days, parent-teacher conference days, and other related topics. Five regional meetings will be held around the state in September and October to solicit additional input from stakeholders. Possible regulatory changes may be brought to the Regents later in the fall based on the input received by the Advisory Committee.

Funding for Preschool Special Class Integrated Setting (SCIS) Programs [P-12 (D) 1] – As required by Chapter 59 of the laws of 2017, commencing with the 2018-19 school
year, approved preschool integrated special class programs are required to be reimbursed based on an alternative methodology for reimbursement. To develop its recommendation for an alternative model and reimbursement methodology, several Department offices are working together to conduct a comprehensive review of the SCIS program’s regulatory requirements and existing funding methodology. The issues and topics for discussion pertaining to the SCIS model and funding are relevant and included in the work of the Board of Regents Early Childhood Blue Ribbon Committee. Priorities of the Early Childhood Blue Ribbon Committee such as creating comprehensive early childhood policies, coordinated support services, and sustained and coordinated funding structures directly align with the objectives for developing a recommendation for an alternative SCIS model; and all discussions on highly effective educators, age-appropriate standards, and family and community engagement are applicable to SCIS programs. The Department will engage stakeholders throughout the fall by conducting meetings on SCIS methodology. Staff will report back to the Regents this winter.

CONSENT AGENDA

The Board of Regents will take action on the following consent agenda items at their September 12, 2017 meeting.

MATTERS NOT REQUIRING BOARD ACTION

Proposal for a New Pathway to a New York State High School Equivalency Diploma – the Committee was presented with a proposal for a new pathway to a NYS High School Equivalency (HSE) Diploma. There are currently three pathways toward earning a HSE diploma: TASC™ testing (Test Assessing Secondary Completion); approved 24-College-Credit Program; and National External Diploma Program (NEDP). The fourth pathway presented today would allow students who have passed any Regents high school examination in Mathematics, English language arts, Social Studies or Science, the opportunity to use passing scores in place of the corresponding TASC™ subtests. The four pathways to an HSE diploma will provide equitable access points and a diverse means by which New Yorkers can earn HSE credentials. The ability to use passing
Regents examination scores toward earning an HSE diploma will expand the opportunity for high-school students at risk of dropping out as well as students with disabilities to stay engaged with their education and offer an incentive for meeting graduation requirements to those whose circumstances may not allow for completion of high school. Department staff will develop proposed amendments to regulations for discussion at a future date.

PROFESSIONAL PRACTICE

Your Professional Practice Committee held its scheduled meeting on September 11, 2017. All members were present, except Regent James E. Cottrell and Regent Elizabeth S. Hakanson, who were excused. Chancellor Betty A. Rosa was also present, but did not vote on any case or action.

STATEMENT FROM CHANCELLOR BETTY A. ROSA
AT THE OPENING OF THE BOARD OF REGENTS MEETING
ON THE ANNIVERSARY OF 9/11

Chancellor Betty A. Rosa delivered the following Moment of Reflection at the start of the September meeting of the NYS Board of Regents:

“How sixteen years ago, on this day, our country was attacked by a foreign entity. Thousands of people lost their lives and the hopes and dreams of many families were changed forever more. The scars of that day will remain with us for eternity.

A few of us on this Board were district superintendents in NYC then, and on the morning of September 11, 2001, we were in a meeting in downtown Brooklyn – about 2 miles from the World Trade Center – when we received the news of the planes crashing into the twin towers. We hurriedly left the meeting and headed back to our districts, not yet realizing the depth of the issues we’d soon be facing in our schools and communities. It was a long and dark day. We needed time to recover and to find our bearings. And now, 16 years later, our nation again seeks direction, but this time for many other reasons.”
Today, here and now, I am honored to say, that the work we have done and will continue to do, will enable New York State to shine a bright light for all to see and we will proudly lead the way in providing equitable educational opportunities for all children no matter their identified gender, sexual orientation, status of citizenship, economic standing, special needs, race, ethnicity, religion or primary language – and this will be done equitably and in integrated and inclusive settings for the benefit of everyone.

And this is not about making America great again; rather, it’s about fulfilling the promise of America, it’s about justice, it’s about morality, it’s about reparation, it’s about integrity, it’s about demonstrating the potential of the human spirit at its best – and yes, it’s about those who dare to DREAM about being part of the American culture and to contribute their threads of beauty and genius to the fabric of this land.

Dr. Martin Luther King Jr. envisioned the Beloved Community in which all are embraced and no one is discriminated against. I believe that Dr. King was the cartographer of the map that we now use to guide us on our journey.

As a Board and as a Department responsible for the lives and futures of millions of children, we have chosen to provide an educational system that not only supports all children equitably, but one that also encourages brotherhood and citizenship along with intellectual achievement.

And please let us not forget the children in our state who are homeless, who live in poverty, and who struggle every day to attend school. And may we keep in mind through our prayers, thoughts, and deeds, those children and families in Texas, Florida, and throughout the Caribbean whose lives were upended by the recent disastrous hurricanes.

Your continued commitment is recognized and greatly appreciated. Thank you.

Submission of Waivers Related to the State’s ESSA Plan

At the same time the ESSA plan is submitted to the USDE, the Department recommends that the Board of Regents direct the Department to submit requests for waivers to the ESSA statute in three areas:

1. Double testing for high achieving middle school students enrolled in High School courses
2. ELA Testing for Second Year English Language/Multilingual Learners
3. Off Grade Testing for Students with Disabilities
Waiver—Eliminate Double Testing for High Achieving Middle School Students Enrolled in High School Courses

What waiver requests:

• Allow schools with Grade 7 students taking high school math courses and Grade 8 students taking high school science courses to be exempt from taking the associated grade level assessments in math and science. Regents results are used for accountability purposes.

Justification

• Currently allowed in Commissioner’s Regulations 100.18(14)(v)
Waiver—ELA Testing for Second Year English language learners/Multilingual Learners (ELL/MLL)

What waiver requests:
• Allows the state to not have to include in school accountability determinations the first administration of an ELA examination to newly arrived students and to use student’s growth between the first two ELA test administration's for accountability purposes.

Justification
• A school will have four years instead of just two years before becoming accountable for demonstrating the proficiency of newly arrived ELLs/MLLs on a language arts administered in English.
• Waiver request consistent with NYS Education Law 305(48)
Waiver—Off-Grade Testing for Students with Disabilities

What waiver requests:

• Allow selected group of students with disabilities who have significant cognitive and intellectual disabilities that preclude their meaningful participation in chronological grade-level instruction to take grades 3-8 assessments up to two levels below their grade-level.

Justification

• Consistent with ESSA provisions allowing off-grade testing through computer adaptive tests

• Waiver request consistent with NYS Education Law 305(48)
Submission of Waivers Related to the State’s ESSA Plan

✓ Each of these waivers has been referenced within the State’s draft ESSA plan and discussed at length by the Board of Regents and with stakeholders across the state.

✓ The Department issued a press release regarding the public comment period on August 25, 2017. Subsequently, the notice was posted on the Department’s social media accounts and website, distributed to members of the state’s Title I Committee of Practitioners and the ESSA Think Tank, as well as disseminated to the field to superintendents and principals through the Senior Deputy Commissioner’s e-mail newsletter. The public comment period ended on Friday, September 8.

✓ Twenty-five comments were received. In general, the comments are in support of the waivers including feedback from statewide stakeholders such as NYSCOSS, NYSSBA, and NYSPTA. However, there were six comments from special education advocacy groups opposed to the waiver related to testing students with the most significant cognitive disabilities.
