Aaron Chadow

(CUNY Queens College, Flushing, New York, Bachelor of Arts, August 2016 and Master's, June 2017 – education submitted by NASBA).

Petition for: Waiver of 18-month conditioning requirement for CPA Examination.

Statement of Problem: Mr. Chadow is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning period by one testing window.

Mr. Chadow passed the Business Environment and Concepts (BEC) section of the Examination in March 2017 and was required to pass all the parts of the Examination by September 30, 2018. He then passed Regulation (REG) in January 2018, after one previous failed attempt and on his third attempt, passed Financial Accounting and Reporting (FAR) in August 2018. Mr. Chadow sat for Auditing and Attestation (AUD) four times during his conditioning period (August and November 2017 and April and September 2018), but he was not successful in passing the AUD section of the Examination. He passed AUD on his fifth attempt in November 2018, two months or one testing window outside his conditioning period.

Mr. Chadow contacted the State Board for Public Accountancy in March 2018 to petition for waiver of the 18-month requirement due to the 2017 Quarter 2 score release delay; however, he was told that he could not use this as a basis as he did not sit during Quarter 2 of 2017. Mr. Chadow also requests a waiver petition based on the testing site closure in March 2018 due to the weather event in the Northeast on March 7, 2018; however, his conditioning period did not end until September 2018 and he sat for AUD after March 2018 within his conditioning period in April and September 2018 as noted above.

Mr. Chadow's position is that he wants a waiver due to the March 2018 testing site closure. He asserts that he lost an opportunity to take the AUD exam due to the March 2018 test site closure, thus having only two more opportunities within the 18-month conditioning period instead of three as he had originally planned for. However, the Executive Secretary of the State Board for Public Accountancy notes that there is not compelling evidence to support the applicant's assertion that a test center closure in March 2018 prevented him from passing all exams by September 2018 as there were a number of opportunities and attempts to pass the exam beyond the March 2018 exam date. As such, the Executive Secretary recommends disapproval of the petition.

## **CERTIFIED PUBLIC ACCOUNTANCY**

Kyle Manske

(University of Wisconsin-Whitewater, Whitewater, WI, Bachelor of Business Administration, May 2015)

Petition for: Acceptance of passing grades on the Uniform Certified Public Accountancy Examination.

Statement of Problem: Mr. Manske is requesting a petition for the requirement of the 18-month conditioning period to extend the testing period by two testing windows.

Mr. Manske passed the Business Environment and Concepts (BEC) section of the Examination in May 2015 and was required to pass all the parts of the Examination by December 31, 2016. Mr. Manske passed Regulation (REG) in February 2016 within the 18-month conditioning period on his third attempt. Mr. Manske did not pass the Financial Accounting and Reporting (FAR) or the Auditing and Attestation (AUD) sections of the Examination within the 18-month conditioning period. Mr. Manske passed FAR on his second attempt in January 2017 which was one testing window outside the 18-month conditioning period. Mr. Manske passed AUD on his third attempt in May 2017 which was two testing windows outside the 18-month conditioning period.

Mr. Manske applied for and received a reasonable accommodation from the testing vendor for each sitting of the Examination. Based on the letter from the testing vendor his reasonable accommodation was 1.5 times the Examination time; however, an error was made that resulted in him receiving more time (2.0 times the Examination time).

Mr. Manske reports that his ability to properly prepare and sit for the Examination was impeded by a condition that pre-dated and existed during and after his 18-month conditioning period. In terms of documentation submitted for his waiver, Mr. Manske provided a report from a licensed professional dated June 2018 for an evaluation in January and February 2018. This documentation also references that the only prior evaluation for which documentation was provided to the licensed professional was from 2009. However, COP notes that subsequent documentation submitted by Mr. Manske's health care provider attests to the fact that his condition was significant enough to affect his ability to prepare and sit for the examination.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:	
(1) A bachelor's or higher degree based on a program in accountancy.	(1) University of Wisconsin-Whitewater, Whitewater, WI, Bachelor of Business Administration, May 2015.

(3) One year of satisfactory experience.	(3)

**RECOMMENDATION:** The Committee on the Professions recommends that the applicant's petition for acceptance of passing grades on the Uniform CPA Examination be accepted.

## **CERTIFIED PUBLIC ACCOUNTANCY**

19-10-07

Marissa Sarfati

Petition for: Acceptance of passing grades on the Uniform Certified Public Accountancy Examination.

Statement of Problem: Ms. Sarfati, an applicant for licensure as a CPA, recently passed the four parts of the Uniform CPA Examination. However, the applicant exceeded the 18-month conditioning requirement by three months or one testing window.

Ms. Sarfati passed the Business Environment and Concepts (BEC) section on her second attempt in January 2017 and needed to pass the three remaining sections by September 30, 2018. During her conditioning period, Ms. Sarfati passed Auditing and Attestation (AUD) after her second attempt in May 2017. The applicant also passed the Regulation (REG) section of the Examination on the first attempt in December 2017. Ms. Sarfati sat for the last section of the Examination, Financial Accounting and Reporting (FAR) two times during her conditioning period in June and September 2018, but she failed. The applicant passed FAR on her third attempt in December 2018, one testing window outside of her conditioning period.

Ms. Sarfati's ability to properly prepare and sit for the Examination was impeded by the death of a family member and a medical condition of another family member, for whom she acted as the primary care giver, during her conditioning period.

Based on documentation provided by the applicant and the physician who attended to Ms. Sarfati's family member and her perseverance on the various sections of the Examination, despite these circumstances, the Executive Secretary of the State Board for Public Accountancy supports her petition to waive the 18-month requirement to pass all four parts of the Uniform CPA Examination.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:

(3) One year of satisfactory experience.	(3)

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Public Accountancy, recommends that the applicant's petition for acceptance of passing grades on the Uniform CPA Examination be accepted.

**DENTISTRY**

19-02-50

Carlos Loureiro Xavier  
Rochester, NY

(University of Fortaleza, Fortaleza, Brazil, Bachelor of Dental Surgery, December 2006)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable preprofessional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of preprofessional and professional education.

Dr. Loureiro Xavier completed a five-year professional dental education program at University of Fortaleza in Fortaleza, Brazil, which did not include coursework in Physics. Therefore, he lacks one year of education which is in the preprofessional area, including a course in Physics.

However, Dr. Loureiro Xavier also completed two years of advanced study in Dental Prosthesis from June 2007 until May 2009 at Sao Leopoldo Mandic in Fortaleza, Brazil.

Additionally, an applicant who completed a program of dental education in an unregistered or unaccredited dental school must complete the required two academic years of study in an accredited dental school program, culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Dr. Loureiro Xavier enrolled in the two-year advanced Education in General Dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in June 2018. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in Regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education and §24.3(a)(2) of the Rules of the Board of Regents	
(1) Not less than 60 semester hours of preprofessional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) Two years of advanced study in Dental Prothesis at Sao Leopoldo Mandic, Fortaleza, Brazil from June 2007 until May 2009.
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2) Five years of acceptable professional dental education culminating in a Bachelor of Dental Surgery at University of Fortaleza, Fortaleza, Brazil, December 2006.
(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two-year Advanced Education in General Dentistry at the University of Rochester, Eastman Institute for Oral Health, Rochester, New York, June 2016 until June 2018.

(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6)
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7)

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's preprofessional and professional education requirements be considered fulfilled.
