**Early Renewal Recommendations for Charter Schools Authorized by the State University of New York Trustees** [P-12 (A) 7] - Department staff presented early renewal recommendations for charter schools authorized by the State University of New York Trustees.

The Committee recommends that the Board of Regents return the proposed charters for Family Life Academy Charter School, Family Life Academy Charter School III, and NYC Autism Charter School East Harlem to the Trustees of the State University of New York for reconsideration, with the following comment and recommendation: "Approving the renewal of any charter school years before the expiration of the charter does not allow timely review of the school's educational and fiscal soundness, community support, legal compliance, or means by which the school will meet or exceed enrollment and retention targets for students with disabilities, English language learners, and students who are eligible applicants for the free and reduced-price lunch program. The charters should be abandoned, and the schools should be directed to resubmit their applications no earlier than one year prior to the expiration of the charter term. While we believe SUNY's continued practice of approving early renewals violates both the spirit and intent of the Charter Schools Act and is contrary to the established practices of every other authorizer in the state, the law, in its present form, prevents the Regents from taking action to end the practice. Over the past five years, SUNY has repeatedly disregarded the Board of Regents' objections on this matter."

The motion passed unanimously.
