# Frederick Douglass Letters

My Dear Friend Hannah Fuller

I shall leave  
Philadelphia on Monday the  
I shall take my daughter Rose  
will be a treat for her and  
You should be in Rochester  
ready to start on Monday  
You are - I am - the Sunday  
house. I have not yet  
from my legs and  
though my health is in,  
My best regards to  
Mother - Yours to  
high etc

Rochester Oct 5. 1855.

Rochester Sept. 9th / 56.

All right, Miss Hannah, the appointments are  
made and promptly made. I shall leave here for  
Shenandoah, at 5.45. Minutes Saturday morning.  
I cannot come a bit sooner. I am leaving  
to day to lecture in Livonia, shall lecture to  
morrow in Elmira, and next <sup>day</sup> at Binghamton.  
Friday I shall come home - replenish my wardrobe,  
and be off again Sat- morn, as above.  
I have my hands full full now. Now  
my friend Pryor is paying me off  
for supporting Frederick Douglass gave me  
a stat each week.

Rochester  
Dear Miss Fuller, I have just  
and town and find  
now coming to Rochester.  
one note came, I should have  
a note relieving him of my  
him a meeting in Rochester  
to get a word to him, I  
to left Obolins case then. It  
will probably inform them  
for him on the 16th I am  
morning if they had heard of  
to come to Rochester, and then  
and therefore to engage Committee  
to Ballou and to get out on  
You see how the matter stands  
who all needful explanation  
not at my office when I was  
- Brown with a meeting here  
ed promptly comply with his wishes. The voice  
workers should be suppressed at this time, and  
perhaps should not and shall not stand in the way  
of the Americanization Cause and I am concerned.

Roch. April. 10. 1857.

My Dear Miss Fuller At noon as you  
came this morning I set about arranging  
for the meeting for Mr Brown, assuming  
that you must know that he will be  
here without fail. I have secured Christian  
Hall the finest in this city (and <sup>long</sup> day in N. York)  
and am now having placards printed  
announcing a lecture by Mr Wm Wells Brown  
for Sunday Evening. Now if he don't come  
who am I to hold accountable for the  
failure? No, my Dear Friend, are just the  
precious individual upon whom I shall  
fall back, when I rise next Sunday Evening  
and state to the audience assembled to hear of  
that from some cause which I am unable  
to explain Mr Brown is not present.  
Then you may expect have your own  
nature spoken right out before the congregation.  
Yrly truly Yr sincere and faithful  
friend.

Frederick Douglass  
P.S. Instead of "Miss Fuller" I shall say "a friend" having  
for Mr Brown - Addressed me than the orator -  
and Dramatic would certainly be done.

The Acts of my Administration are on Record. - By these, which will not admit of different interpretations, expect to abide. If they will not acquit me, in your estimation, it will be a source of regret; but I shall hope notwithstanding, as I did not seek the office with which you honored me, that charity may throw her mantle over my want of abilities to do better - that the grey hairs of a man who has, excepting the interval between the close of the Revolutionary War, and the organization of the new government, - either in a civil, or military character, spent five and forty years - All the prime of his life - in serving his country, be suffered to pass quietly to the grave - and that his errors, however numerous, if they are not criminal, may be consigned to the Tomb of Oblivion, as he himself soon will be to the Mansion of Retirement. -

To err, is the lot of humanity, and never, for a moment, have I ever had the presumption to suppose that I had not a full proportion of it. - Fallibility, not being the attribute of Man, we ought to be cautious
