TO: Full Board
FROM: John B. King, Jr.
SUBJECT: Proposed Amendment of Section 100.2(p)(14) of the Regulations of the Commissioner, Relating to Public School and District Accountability
DATE: May 31, 2011

SUMMARY

Issue for Decision (Consent Agenda)

Should the Regents approve the proposed amendment to section 100.2(p)(14) of the Regulations of the Commissioner of Education, relating to public school and district accountability?

Reason(s) for Consideration

To conform the Commissioner’s Regulations with recent amendments to New York State’s accountability plan that reset New York’s annual measurable objective (AMO) for grades 3-8 English language arts (ELA) and mathematics beginning in the 2010-11 school year, as prescribed in New York’s approved accountability workbook.

Proposed Handling

The proposed amendment is being presented to the Full Board for approval at the June 2011 Regents meeting.

Procedural History

The proposed amendment was discussed by the P-12 Education Committee at the March Regents meeting.
Background Information

On February 14, 2011, Dr. Thelma Melèndez de Santa Ana, the Assistant Secretary of the Office of Elementary and Secondary Education of the United States Department of Education (USDE), informed Commissioner Steiner that USDE had approved New York's request to amend its State accountability plan under Title I of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the No Child Left Behind Act (NCLB), to reset New York's AMO for grades 3-8 ELA and mathematics beginning in the 2010-11 school year, as prescribed in New York's approved accountability workbook. As a result, New York was approved to reset the AMO to a Performance Index of 122 for ELA and a Performance Index of 137 for mathematics for 2010-11, and with annual equal increments up to 200 by 2013-14, as prescribed in New York's approved accountability workbook.

In August 2010, the proficiency cut scores were raised on the grades 3-8 ELA and math assessments based on the analyses that associated college readiness with cut scores of between 75 and 85 on the Regents exams. Proficiency now means students will be college ready if they are able to meet high school exit examination requirements and pass first year college courses in ELA and math without the need for remediation. The purpose of the proposed amendment is to conform the Commissioner's Regulations with New York State's approved amended accountability plan. Adoption of the proposed amendment is necessary in order for New York to smoothly transition to the higher achievement standards for grades 3-8 in ELA and mathematics. A copy of the proposed amendment (Attachment A) and the Effective AMO charts for 2010-11 through 2013-14 (Attachment B) are attached.

A Notice of Proposed Rule Making was published in the State Register on April 6, 2011. The public comment period for the proposed amendment closed on May 23, 2011. No public comments were received. Supporting materials are available upon request from the Secretary to the Board of Regents.

Recommendation

It is recommended that the Board of Regents take the following action:

VOTED: That paragraph (14) of subdivision (p) of section 100.2 of the Regulations of the Commissioner of Education be amended, as submitted, effective July 15, 2011.

Timetable for Implementation

If adopted at the June Regents meeting, the proposed amendment will take effect on July 15, 2011.
