DATE: December 30, 2011

AUTHORIZATION(S):

Summary

Issue for Discussion

Should the Board of Regents add a new section 59.15 to the Regulations of the Commissioner of Education and amend section 29.18 to the Rules of the Regents to implement Chapter 581 of the Laws of 2011, relating to waivers from corporate practice restrictions for special education schools and early intervention agencies to provide certain professional services?

Reason(s) for Consideration

State statute.

Proposed Handling

The proposed amendment will come before the Professional Practice Committee at its January 2012 meeting for discussion. It is anticipated that the proposed amendment will be presented for action by the Board of Regents at its March 2012 meeting.

Procedural History

A Notice of Proposed Rule Making will be published in the State Register on January 11, 2012 for a 45-day period of public comment. Supporting materials for the

proposed amendment are available upon request from the Secretary to the Board of Regents.

Background Information

Chapter 581 of the Laws of 2011 added, among other things, a new section 6503-b to the Education Law authorizing the Department to issue waivers to special education schools ("schools") and early intervention agencies ("agencies") to enable them to employ licensed professionals or contract with licensees or professional business entities to provide certain professional services to children in need of their services. Absent such a waiver, employment or contracting for professional services in most licensed professions would conflict with restrictions on corporate practice under Title VIII of the Education Law.

The new law allows schools approved by the State Education Department and agencies approved by the Department of Health that are currently providing professional services to continue to do so until July 1, 2013. In order to continue to provide services after that date, schools or agencies must submit a waiver application to the Department within 120 days of the posting of the applications on the Office of the Professions website (www.op.nysed.gov). Once a school or agency applies, it will be able to continue to provide services until the application is approved or denied. These provisions avoid a disruption in professional services provided to children receiving early intervention or preschool services. However, if an application is denied by the Department, the entity must cease providing professional services in New York.

The purpose of Chapter 581 of the Laws of 2011 is to reconcile the provisions of Title VIII of the Education Law that prohibit corporate practice of certain licensed professions with the provisions of section 4410 of the Education Law and Title 2-A of Article 25 of the Public Health Law that contemplate that special education schools and early intervention agencies be able to provide multi-disciplinary evaluations, related services, and early intervention services recommended for a student.

Section 6503-b of the Education Law defines eligible entities and the professional services that may be offered by such entities, and provides for oversight by the Board of Regents. This section also requires, as part of the application process, that the entity provide attestations by each officer, director, and trustee of the entity that he or she is of good moral character. The fee for an initial waiver is \$345, although an entity that simultaneously applies for waivers as both a special education school and an early intervention agency only has to pay the \$345 fee once. An entity that receives a waiver under the law must apply for a renewal every three years and pay the triennial registration fee of \$260, or a pro-rated amount as determined by the Department. An approved entity must request a waiver certificate for each site at which professional services are provided and notify the Department in a timely manner if there are changes in the services provided or the location of the administrative office or sites operated by the entity.

The proposed regulations implement the provisions of law by setting forth the requirements to be met by a qualified entity in order to receive a waiver. These include, but are not limited to, verification from the appropriate regulatory agency that the entity

is a qualified special education school or early intervention provider. Since these entities are already approved by the Education Department or the Department of Health, there is a known population of entities that will apply for, and require, a waiver under 6503-b, which facilitates the implementation of this law. Although the granting of a waiver resolves the issue of the authority of the entity to provide professional services, only licensed or authorized persons may provide services, and the entity is responsible for verifying the licensure of providers and the appropriate supervision of interns or permit holders who are only authorized to practice under supervision. This will ensure that preschool students receive appropriate services from competent and qualified individuals who are accountable under the Education Law.

The proposed amendment of section 29.18 of the Rules of the Board of Regents implements the Board of Regents disciplinary authority over entities receiving waivers under Education Law section 6503-b. The amendment clarifies that the entity is subject to the same professional misconduct provisions as a licensed professional or professional business entity, including the same due process rights.

These regulations are being presented for discussion, and they will be published in the State Register on January 11, 2011 for a 45-day public comment period. We anticipate that the regulations will be brought to this Committee for approval at your meeting in March 2012. Once the regulations are adopted, the Department anticipates posting applications on its website in a timely manner.

Timetable for Implementation

It is anticipated that the proposed amendment will be presented for adoption at the March 2012 Regents meeting. If adopted, the proposed amendment will become effective as a permanent rule on April 11, 2012.

(e) includes a statement that only a licensed professional, a person otherwise authorized to provide such services, or a professional services entity authorized by law to provide such services shall provide such professional services as are authorized under this section;

(f) includes a statement that the entity will verify the licensure, limited permit or other authorization of individuals and professional entities providing services described in this section, as employees of or on behalf of the entity; and

(l) the statements on the application are true and accurate.

(d) Attestation of moral character.

(1) Each officer, director, and trustee of the entity shall submit, on forms prescribed by the Commissioner, an attestation regarding whether:

(i) the individual has been found guilty after trial, or pleaded guilty, no contest or *nolo contendere* to a crime (felony or misdemeanor) in any court;

(1) Notwithstanding any other provision of the law to the contrary, a special education school or early intervention agency operating under a waiver pursuant to section 6503-b of the Education Law may employ individuals licensed or otherwise authorized to practice a profession as defined under Title VIII of the Education Law, to the extent the services are authorized by the waiver.

(2) Unless otherwise authorized by law, an entity that holds a waiver under this section shall not provide services in any profession other than those authorized pursuant to section 6503-b of the Education Law and included on the application for a waiver.

(f) Review of waiver applications. The application shall not be deemed acceptable if the entity has not submitted information identified in subdivisions (c) and (d) of this section. The Department may deny an application based on the failure of the applicant to submit the required information within a reasonable period of time, as determined by the Department. When, in the determination of the Department, all necessary information has been received, a decision to approve or deny the waiver application shall be made within 90 days of such determination. If the waiver application is denied, then the entity shall cease the provision of professional services as defined in

section 6503-b of the Education Law. The determination of the Department shall be final, and a copy thereof shall be forwarded to the applicant.

(g) Waiver certificates.

(1) An entity that has been issued a waiver under this section shall apply for a waiver certificate for each setting at which the entity provides professional services in New York.

(2) The application for additional certificates may be made as part of the initial application for a waiver or after the Department has approved the entity for a waiver under section 6503-b of the Education Law.

(3) Each waiver certificate shall display the name of the entity and the address of the site.

(4) Any entity that willfully fails to obtain a certificate of waiver for each site and/or to display the waiver certificate at each site shall be subject to the penalties set forth in section 6511 of the Education Law.

(5) An entity with an approved waiver may apply, on a form prescribed by the Commissioner, to amend the waiver to add additional professional services.

(ii) site(s) at which professional services are provided;

(iii) person responsible for filing the waiver application on behalf of the entity or the contact information for such person; and/or

(iv) a transfer or assignment of interest as set forth in subdivision (i) of this section, provided that the entity shall notify the Department immediately of such change. Notification shall be made in a form prescribed by the Department.

(i) Transfer or assignment of waiver. A waiver issued by the Department pursuant to section 6503-b of the Education Law shall not be transferable or assignable. For purposes of this section, a transfer or assignment shall mean the conveyance of a waiver under this section from one entity to another entity by any means, including but not limited to a merger, consolidation, or a change in control of the entity.

(j) Triennial application. A waiver issued pursuant to this section shall be valid for three years. An entity that is issued a waiver pursuant to this section shall submit to the Department for review an application for renewal of the waiver every three years with the triennial registration fee of \$260, or a prorated portion thereof, as determined by the Department.

(k) Notwithstanding any other provision of law to the contrary, upon revocation or other termination by the commissioner of approval of the special education school pursuant to Article 89 of the Education Law and the provisions of this Title implementing such article or termination of the early intervention agency pursuant to Title 2-A of Article 25 of the Public Health Law and implementing regulations by the commissioner pursuant to section 4403(18) of the Education Law, the school's or early intervention agency's waiver pursuant to this section shall be deemed revoked and annulled.

(a) An entity that is issued a waiver pursuant to section 6503-a or 6503-b of the Education Law [and section 59.14 of this Title] shall be under the supervision of the Board of Regents and subject to the disciplinary procedures and penalties set forth in subarticle 3 of article 130 of the Education Law. Any such waiver shall be subject to suspension, revocation or annulment for cause, and any entity holding such a waiver shall be subject to disciplinary proceedings and penalties in the same manner, to the same extent, and for the same reasons as individuals and professional entities practicing the same profession, as provided in title VIII of the Education Law and this Part. For purposes of this subdivision, a certificate of waiver shall be considered the same as a license to practice a profession.

(b) Failure to disclose information. It shall be unprofessional conduct for an entity issued a waiver pursuant to [section] sections 59.14 or 59.15 of this Title to have failed to disclose all information required by the department in order to make an accurate determination of the entity's waiver application. This shall include the failure to notify the department that a director or officer of the entity has committed an act which raises a reasonable question as to moral character.

(d) In accordance with section 6503-b(7) of the Education Law, a special education school or early intervention agency granted a waiver under section 59.15 of this Title that conducts or contracts for a component of a multi-disciplinary evaluation that involves the practice of medicine by an individual subject to disciplinary proceedings in accordance with sections 230 and/or 230-b of the Public Health Law shall be subject to the pre-hearing procedures and hearing procedures as are provided with respect to individual licensees in Title 2-A of Article 2 of the Public Health Law.

(e) Penalties for professional misconduct. The Board of Regents may impose upon an entity found guilty of unprofessional conduct under this section those penalties and fines authorized in section 6511 of the Education Law.

2. Section 29.18 of the Rules of the Regents is amended, effective April 11, 2012, to read as follows:

§29.18 Unprofessional conduct in waived entities.

(a) An entity that is issued a waiver pursuant to section 6503-a or 6503-b of the Education Law [and section 59.14 of this Title] shall be under the supervision of the Board of Regents and subject to the disciplinary procedures and penalties set forth in subarticle 3 of article 130 of the Education Law. Any such waiver shall be subject to suspension, revocation or annulment for cause, and any entity holding such a waiver shall be subject to disciplinary proceedings and penalties in the same manner, to the same extent, and for the same reasons as individuals and professional entities practicing the same profession, as provided in title VIII of the Education Law and this Part. For purposes of this subdivision, a certificate of waiver shall be considered the same as a license to practice a profession.

(b) Failure to disclose information.
