## Information in Support of Recommendation

### Peer Review Visit

In preparation for a visit by a peer review team, Christie's Education, Inc. submitted a self-study following the requirements for self-studies in the Handbook of Institutional Accreditation. On February 28-29, 2012, a team of peers (Team) approved by the Department, along with Department staff, conducted a site visit to the college to assess compliance with the standards for institutional accreditation. During the visit, the Team interviewed faculty, administrators, staff, and students. The team also inspected classrooms, administrative offices, and library facilities, visited classes, and reviewed syllabi as well as a random sampling of student work.

Overall, the Team found the college to be in substantial compliance with the standards for institutional accreditation, and recommended renewal of institutional accreditation for five years, with the condition that all recommendations in the report be met by May 22, 2014, with a progress report due on that date, and with a follow-up review visit made at the discretion of the Department.

The Team recommended that the college develop a comprehensive institutional effectiveness and student learning outcomes assessment plan, which is linked to the institution's mission and tied to its strategic plan. Secondly, as the college has recently been approved by USDE to participate in Title IV financial aid programs, the Team recommended that the college develop internal controls to provide the appropriate checks and balances in implementing this program. The Team also recommended a few additions and corrections to information on the college's Web site and catalogue.

The Department transmitted the draft compliance review report to Christie's Education, Inc. for review and comment. The college accepted the draft report's recommendations and included evidence that the improvements recommended are ongoing or planned. Based on the self-study and the college's response, the Department concurred with the Team's recommendation.

### Regents Advisory Council (RAC) Review

As required by Subpart 4-1 of the Regents Rules, the Department transmitted the final compliance review report for consideration by the Regents Advisory Council on Institutional Accreditation. (The RAC is established in §3.12(d) of the *Rules of the Board of Regents* "to review applications for accreditation and renewal of accreditation pursuant to Part 4 of this Title, and such other matters as the department may ask it to review, and make recommendations to the Regents and the commissioner based on its review.")

On May 17, 2012, the Advisory Council met to consider Christie's Education, Inc.'s application. In a public meeting, it met with the college's Director of Studies, the chair of the peer review team, and Department staff. RAC members discussed their observations and asked questions of the college's representative. The Council then voted unanimously to recommend renewal of institutional accreditation for five years,

with the condition that all recommendations in the report be met by May 22, 2014, with a progress report due on that date, and with a follow-up review visit made at the discretion of the Department.

#### Commissioner's Review

Neither Christie's Education, Inc. nor the Deputy Commissioner for Higher Education appealed the Advisory Council's recommendation. Therefore, pursuant to Subpart 4-1, the Commissioner adopted the Council's recommendation as his recommendation to the Board of Regents.

The attachment to this item sets forth the range of accreditation actions authorized under Subpart 4-1 of the *Rules of the Board of Regents*.
