Required by Article 8, Section 4, Paragraph (h) of the State Constitution and by Local Finance Law section 104.00(c).

Proposed Handling

This petition for consent will come before the Board of Regents at the November 2016 meeting for action.

Procedural History

The Board of Regents is required to give consent for such petitions prior to the petition being forwarded to the State Comptroller for final consideration. The Board of Regents has discussed in the past similar requests from school districts to exceed their debt limit and is familiar with the guidelines and procedures for granting consent.

Background Information

The Department received a petition from the Board of Education of the City School District of the City of Groversville seeking consent of the Board of Regents to an increase in the indebtedness of the Groversville City School District.

The State Constitution requires that any increase in the constitutional limit on local indebtedness for a school district wholly or partly within a city of less than 125,000 inhabitants receive: (1) the approving vote of 60 percent or more of the duly qualified voters; (2) the consent of the Regents; and (3) the consent of the State Comptroller.

According to the petition, the Groversville City School District is located in the central portion of Fulton County, primarily within the City of Groversville. The documentation supporting the petition verifies that more than 60 percent of duly qualified voters approved the increase at a Capital Project Vote held on November 17, 2015. The increase in indebtedness will be used primarily to address aging infrastructure throughout the district. Staff has reviewed the petition and supporting documentation and recommends that the requested consent be granted.
