SUMMARY

Issues for Discussion

The Regents advance Non-State Aid budget and legislative requests every year, which reflect initiatives that support the Board's priorities by augmenting or adding funds to the State Education Department's budget. These funds are necessary so that the Department has the resources it needs to meet the Board's policy priorities.

At the September meeting, the Regents Subcommittee on State Aid reviewed and discussed proposals advanced during the 2019-20 budget cycle and legislative session. At the October meeting, the relevant committees of the Board reviewed and discussed the previous Non-State Aid proposals and identified and discussed new initiatives for consideration. Updated proposals are coming back to the committees for further consideration in November and will come before the full Board in December for approval.

Reason(s) for Consideration

Review and update of the Regent's Non-State Aid budget and legislative priorities.

Recommendation

It is recommended that the Regents have final discussions about proposals to include in the Board's 2020-21 Non-State Aid budget and legislative priorities.
