Nicholas Holzmacher

(University at Buffalo, SUNY, Buffalo, New York, Bachelor of Science, June 2007)

Petition for: Waiver of 18-month conditioning requirement for CPA Examination.

Statement of Problem: Mr. Holzmacher is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, the applicant exceeded the 18-month conditioning period by one testing window.

Mr. Holzmacher has had several conditioning periods over the past nine years. The first retention window was in May 2010 when he passed the Business Environment and Concepts (BEC) section of the Examination. However, he did not sit for any further sections during this conditioning period.

The second window was in January 2013 when Mr. Holzmacher passed Regulation (REG) and needed to pass the remaining sections by September 2014. He sat for Auditing and Attestation (AUD) in May 2013 and passed. He did not sit for any other sections during this conditioning period.

The third conditioning period is where he is requesting a petition to waive the 18-month conditioning requirement. Mr. Holzmacher sat for BEC in March 2017 and was required to pass all the parts of the Examination by September 30, 2018. Mr. Holzmacher passed Financial Accounting and Reporting (FAR) in June 2018 and REG in September 2018. He did not sit for the AUD section during this conditioning period. He passed AUD in December 2018, three months or one window outside the conditioning period.

In May 2018, Mr. Holzmacher contacted the State Board for Public Accountancy to report he was impacted in sitting for the Examination due to Hurricane Harvey. Hurricane Harvey impacted the Texas area in August 2017. However, it was noted that the applicant did not sit for any section of the Examination during Q2, Q3, or Q4 of 2017 (April through December of 2017) or Q1 of 2018 (January through March of 2018) and also did not sit for AUD when he sat and passed FAR in June of 2018 and sat and passed REG in September of 2018, both within the 18-month conditioning period and after Hurricane Harvey.

The Executive Secretary for Public Accountancy asserts that there is not compelling evidence to support the applicant's assertions that Hurricane Harvey (Q3 2017-August) prevented Mr. Holzmacher from passing all four sections within the 18-month window. In addition, the Executive Secretary notes that the applicant did not demonstrate making a good faith effort as he did not sit for the exam during Q2, Q3, Q4 of 2017 or Q1 or 2018. As such, the Executive Secretary recommends disapproval of the petition to waive the 18-month conditioning period.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:

Peter Lecce

Petition for: Waiver of 18-month conditioning requirement for CPA Examination.

Statement of Problem: Mr. Lecce is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning period by one testing window.

Mr. Lecce passed Financial Accounting and Reporting (FAR) in March 2017 after his second attempt and was required to pass the three remaining sections of the Examination by September 30, 2018. Mr. Lecce passed Business Environment and Concepts (BEC) in October 2017 after his second attempt and passed Regulation (REG) on his second attempt in September 2018. The applicant sat for Auditing and Attestation (AUD) three times during his conditioning period in August 2017 and March and July 2018 and failed. Mr. Lecce passed AUD in December 2018, three months or one testing window outside his conditioning period.

Mr. Lecce reports that his ability to properly prepare and sit for the Examination was impeded by an immediate family member's medical condition and death during his conditioning period. Mr. Lecce provided a death certificate and hospice care documentation related to his grandmother's condition and death, however did not provide medical documentation indicating that he was the primary caregiver. Mr. Lecce also asserts that the death of a cousin during this time period also affected his ability to prepare and sit for the examination, but was informed that this was not an acceptable reason for seeking an extension of the examination conditioning period.

The Executive Secretary of the State Board for Public Accountancy asserts that there isn't compelling evidence to support the applicant's assertion that he was the grandmother's primary caregiver, and the death of a cousin cannot be factored into the petition. As such, the Executive Secretary recommends denial of the waiver petition of the 18-month requirement.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:

Jeremy Lipner

Petition for: Waiver of 18-month conditioning requirement for CPA Examination.

Statement of Problem: Mr. Lipner is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning period by one testing window.

Mr. Lipner had a previous conditioning period during his eight-year testing history which was from January 2010 to November 2018. Over the applicant's eight-year testing history, he sat for each section of the Examination as follows: Auditing and Attestation (AUD) six times, Regulation (REG) eight times and Business Environment and Concepts (BEC) and Financial Accounting and Reporting (FAR) twelve times each.

The first retention window was established when Mr. Lipner passed AUD in October 2013 and he did pass FAR during that conditioning period in August 2014. He also sat for, but failed, REG and BEC several times during that conditioning period and as the credit for AUD and FAR expired from that conditioning period. When Mr. Lipner passed BEC in January 2017 and REG in March 2017, a second 18-month window was created. He sat FAR five more times during this conditioning period and passed in November 2018, two months outside the conditioning period.

Mr. Lipner has submitted documentation noting that he was primary caregiver to a family member with a medical condition that affected his ability to properly prepare and sit for the Examination. As such, the Executive Secretary of the State Board for Public Accountancy recommends a waiver of the 18-month requirement.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:

Adeel Mustafa

(SUNY Old Westbury, Old Westbury, New York, Bachelor of Science, August 2015 (Education not yet submitted by NASBA).

Petition for: Waiver of 18-month conditioning requirement for CPA Examination.

Statement of Problem: Mr. Mustafa is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning period by two testing windows.

Mr. Mustafa passed Financial Accounting and Reporting (FAR) in October 2016, after his fourth attempt and was required to pass the three remaining sections of the Examination by June 30, 2018. Mr. Mustafa passed Auditing and Attestation (AUD) after his second attempt in March 2017 and Regulation (REG) after his second attempt in December 2017.

Mr. Mustafa sat for the Business Environment and Concepts (BEC) section of the Examination four times during his conditioning period, but he was unsuccessful in passing. He passed BEC in November 2018, five months or two testing windows outside his conditioning period.

Mr. Mustafa reports that his ability to properly prepare and sit for the Examination was impeded by a family member’s medical condition during the conditioning period. The COP notes documented evidence that Mr. Mustafa utilized Family Medical Leave Act (FMLA) time as a caregiver, and his responsibilities and duties as such affected his ability to properly prepare and sit for the examination.

Statement of Problem: Mr. Tauber is an applicant for licensure as a CPA and recently passed all four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning period by three testing windows.

Mr. Tauber passed Financial Accounting and Reporting (FAR) in October 2016 on his first attempt and was required to pass the three remaining sections of the Examination by June 30, 2018. The applicant passed AUD in January 2019, seven months or three testing windows outside his conditioning period.

Mr. Tauber has provided documentation establishing that his ability to properly prepare and sit for the Examination was impeded by an immediate family member's medical condition, and the birth of his child, during his conditioning period. Jaap-Jan Boelens
New York, New York

(University of Utrecht, Utrecht, Netherlands, Physician, November 1996)

Petition for: Endorsement of his medical license from the Netherlands.

Statement of Problem: Commissioner’s Regulations allow endorsement of an applicant’s license from another jurisdiction if appropriate requirements are met, and the applicant has not failed any part of New York State’s licensing examination. A license granted in a foreign country can be endorsed if licensure in that country is regulated by an organization designated as responsible for quality assurance and acceptable to the Board of Regents. Additionally, the applicant must satisfactorily demonstrate completion of an acceptable proficiency examination, clinical competency examination, three years of American Council on Graduate Medical Education (ACGME) accredited postgraduate training or the equivalent, and five years of satisfactory professional experience.

Representatives from the State Board for Medicine have reviewed the documentation submitted in support of Dr. Boelens’ application. The Executive Secretary of the State Board for Medicine recommends that Dr. Boelens’ Netherlands Post Graduate Training between 1997 and 2012 be accepted as the substantial equivalent of the three years of ACGME-accredited postgraduate training required for licensure.

Commissioner’s Regulations allow the Board of Regents to accept appropriate foreign medical licenses and diplomate certificates to fulfill the licensure, proficiency, and clinical competency requirements for licensure by endorsement. Dr. Boelens obtained his medical license in the Netherlands in 1990. His Netherlands license is active and in good standing.
