Background Information

Generally

On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020, the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. Subsequently, the Governor issued additional Executive Orders in response to the COVID-19 crisis, including orders directing the closure of schools for the remainder of the school year and summer school and directing nonessential work personnel to work from home. In response, the Department adopted emergency regulations at the April, May and June 2020 Board of Regents Meetings to address numerous issues resulting from the interruptions caused by the COVID-19 crisis. To address additional issues resulting from the interruptions caused by the COVID-19 crisis, and to plan for the reopening of schools the Department is proposing further emergency regulatory amendments as follows:

• Academic Intervention Services
  - Section 100.2(ee) of the Commissioner’s regulations is amended to provide that schools are not required to conduct the two-step identification prescribed for identification of students to receive AIS for the 2020-21 school year due to the cancelation of State assessments for the 2019-20 school year due to the COVID-19 crisis (Attachment A #1).

• Home Instruction
  - Section 100.10(b) of the Commissioner’s regulations is amended to provide that for the 2020-21 school year, the home instruction program deadline for submission of the written notice of intention to instruct at home is extended from July 1 until August 1, 2020 due to the COVID-19 crisis (Attachment A #2).

• Health Screening Waiver
  - Section 136.3(e) of the Commissioner’s regulations is amended to provide that hearing, vision, and scoliosis screenings required to be provided by public schools are waived for the 2020-21 school year due to the COVID-19 crisis, unless the screening is otherwise deemed necessary (Attachment A #3).

• Curriculum and Instruction
  - Unit of Study: The definition of “Unit of study” in section 100.1(a) of the Commissioner’s regulations is amended to provide that “equivalent” shall mean at least 180 minutes of instructional time per week for instruction delivered in a traditional face to face model or through alternative instructional experiences, including but not limited to through digital technology or blended learning, that represents standards-based learning under the guidance and direction of an appropriately certified teacher. Instructional experiences shall include, but not be limited to: meaningful and frequent interaction with an appropriately certified teacher; academic and other supports designed to meet the needs of the individual student and instructional content that reflects consistent academic expectations as in-person instruction. Any alternative instructional
experience must include meaningful feedback on student assignments and methods of tracking student engagement. This amendment is necessary so that schools may plan for various types of instructional models, including hybrid models, because of contingencies that may make it impossible for a specific amount of face to face contact between teachers and students due to the COVID-19 crisis (Attachment A #4).

- CDOS: Section 100.6(b) of the Commissioner’s regulations is amended to provide that a career development and occupational studies (CDOS) commencement credential may be awarded to students exiting school in the 2020-2021 school year who are unable to complete all of the 54 hours of documented school supervised work-based learning experiences required and otherwise meet all other requirements for such credential, where such schools are unable to provide students a certain portion of their scheduled work-based learning experience in the 2020-2021 school year due to the COVID-19 crisis (Attachment A #5).

- Science laboratory experience: Section 100.5(b) of the Commissioner’s regulations is amended to provide that for the 2020-2021 school year as a result of the COVID-19 crisis the 1,200 minutes of lab experience may be met through a combination of hands-on and simulated laboratory experience (Attachment A #6).

- Diagnostic screening: Section 117.3(b) of the Commissioner’s regulations is amended to provide that for the 2020-21 school year diagnostic screening for new entrants and students with low test scores shall be conducted as soon as practicable due to the COVID-19 crisis rather than by December 1st of the school year (Attachment A #7).

- Special Education
  - Section 200.4(b) of the Commissioner’s regulations is amended to provide that an individual psychological evaluation is only a required component for an initial evaluation when it is determined to be necessary by a school psychologist due to the COVID-19 crisis when schools are closed pursuant to an Executive Order of the Governor and students are learning remotely.
  - Additionally, such section is amended to require an observation of a student as a required component for an initial evaluation only when it is determined appropriate by the Committee on Preschool Special Education or Committee on Special Education due to the COVID-19 crisis when schools are closed pursuant to an Executive Order of the Governor and students are learning remotely.
  - Classroom observations would continue to be a required component of an initial evaluation for students suspected of having a learning disability (Attachment A #8).

- Higher Education
  - Incidental teaching: Section 80-5.3 of the Commissioner’s regulations is amended to allow a superintendent of schools to assign certified teachers to teach a subject not covered by their certificate for a period not to exceed ten classroom hours a week, when no certified or qualified teachers are available after extensive and documented recruitment, during the time period of the State of emergency declared by the Governor.
pursuant to an Executive Order for the COVID-19 crisis (Attachment A #9).
  
  o Substitute teacher: Section 80-5.4 of the Commissioner’s regulations is amended to allow substitute teachers who do not hold a valid certificate and who are not working towards certification but who holds a high school diploma or its equivalent, to be employed by the school district or BOCES beyond the 40-day limit, for up to 90 days in extreme circumstances and for more than 90 days in rare circumstances, under specified conditions during the time period of the State of Emergency declared by the Governor pursuant to an Executive Order for the COVID-19 crisis (Attachment A #10).
  
  o Shorter semester: The definitions of full-time and part-time student for Tuition Assistance Programs (TAP) in Section 145-2.1 of the Commissioner’s regulations is amended to provide that for the 2020-21 academic year students shall be considered full-time and part-time where the student is unable to enroll in credit-bearing courses for at least 15 weeks for a semester due to the COVID-19 crisis, provided that such student is enrolled in such credit-bearing courses for a minimum of 12 weeks for a semester and still meets the semester hour requirements (Attachment A #11).

• Early Learning
  
  o Section 151-1.3(d) of the Commissioner’s regulations is amended to provide that due to the COVID-19 crisis for the 2020-21 school year for school districts outside of NYC for 3-year old students, with a class size of 7 children or less there must be one teacher assigned to each class and for 4-year old students, with a class size of 8 children or less, there must be one teacher assigned to each class. For the City School District of the City of New York for 3-year old students, with a class size of 10 children or less, there must be one teacher assigned to each class and for 4-year old students, with a class size of 12 children or less there must be one teacher assigned to each class (Attachment A #12).

• English Language Learners
  
  o Section 154-2.2(y) of the Commissioner’s regulations is amended to provide that day(s) during a school closure ordered pursuant to an Executive Order(s) of the Governor pursuant to a State of emergency for the COVID-19 crisis shall not count towards the calculation of less than twelve months for identifying English language learner (ELL) students with inconsistent/interrupted formal education (Attachment A #13).
  
  o Section 154-2.3(a)(2) of the Commissioner’s regulations is amended to provide that the individual interview for the identification process to determine if a student is an English language learner is waived where a school district can document that video conferencing was used to remotely conduct an individual interview during a school closure ordered pursuant to an Executive Order(s) of the Governor pursuant to a State of emergency for the COVID-19 crisis. In such cases qualified personnel will
review the previously completed Home Language Questionnaire with the parent or person in parental relation (Attachment A #14)

- Section 154-2.3(b) of the Commissioner’s regulations is amended to provide that due to the COVID-19 crisis for the 2020-2021 school year, the 45-day timeline for a school district to initiate a review of a determination made in the initial or reentry identification process for English language learners after receipt of a written request is extended to 65 days from the beginning of the 2020-2021 school year for any student that was either newly enrolled during the COVID-19 closures in the 2019-2020 school year, Summer 2020, or within the first 20 days of the 2020-2021 school year (Attachment A #15).

- Section 154-2.3(g) of the Commissioner’s regulations is amended to provide that:
  - Due to the COVID-19 crisis for the 2020-2021 school year, the process for initial enrollment or reentry identification and parent notification, orientation, and placement shall be completed such that a student who was either newly enrolled during the COVID-19 closures in the 2019-2020 school year, Summer 2020, or the first 20 days of the 2020-2021 school year is placed in either a Bilingual Education or English as New Language program within 30 school days after commencement of the 2020-2021 school year for school districts with 150 or more ELLs, or where ELLs 10% or more of the district’s population.
  - School districts with 149 or fewer ELLs or where ELLs constitute less than 10% of the district’s population may seek an exemption from the English language learner identification timeline for students who are newly enrolled during the COVID-19 closures in the 2019-2020 school year, Summer 2020, or the first 20 days of the 2020-2021 school year on an application form in a timeframe prescribed by the Commissioner; provided that such school demonstrates sufficient need for such exemption notwithstanding the size and percentage of its ELL population (Attachment A #16).

- Pupil Transportation
  - Section 156.3(f) is amended to provide that for the first school bus drill to be conducted during the first seven days of schools, such seven days shall exclude any days where school is closed pursuant to an Executive Order of the Governor for the COVID-19 crisis for the Fall term for 2020-2021 school year (Attachment A #17).

STATEMENT OF FACTS AND CIRCUMSTANCE WHICH NECESSITATE EMERGENCY ACTION

On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020 the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. Subsequently, the Governor issued additional Executive Orders in response to the COVID-19 crisis including orders directing the closure of schools for the remainder of the school year and summer school and directing non-essential work personnel to work from home. In response the Department adopted emergency regulations at the April, May, and June 2020 Board of Regents Meetings to address numerous issues resulting from the interruptions caused by the COVID-19 crisis. To address additional issues resulting from the interruptions caused by the COVID-19 crisis and to prepare for the reopening of schools, it is necessary for the Department to adopt further regulatory amendments. The proposed amendments provide flexibility related to the following:

- Academic Intervention Services (AIS) determinations;
- Home instruction programs deadline for submission of the written notice of intention to instruct at home;
- School health screening waivers;
- Definition of the unity of study;
- Career development and occupational studies work-based learning experience hours;
• Science laboratory experience;
• Diagnostic screening for new school entrants;
• Psychological evaluations for students referred for being suspected of having a disability;
• Student observation for an initial evaluation of a student suspected of having a disability;
• Incidental teaching;
• Substitute teaching;
• Shorter semester for institutions of higher education;
• Class sizes for 3-year olds and 4-year olds;
• Process for initial enrollment, reentry identification and parent notification, orientation, and placement of English Language Learners (ELLs), identification of ELLs with inconsistent/interrupted formal education, and the timeline for review of ELLs identification;
• School us drills.

Because the Board of Regents meets at scheduled intervals, the earliest the proposed amendment could be presented for regular (nonemergency) adoption, after publication in the State Register and expiration of the 60-day public comment period required in the State Administrative Procedure Act (SAPA) sections 201(1) and (5), is the October 2020 Regents meeting. However, because the COVID-19 crisis is presently affecting the State of New York, emergency action is necessary for the preservation of public health and the general welfare in order to immediately provide flexibility for certain regulatory requirements in response to the COVID-19 crisis and to prepare for the reopening of schools.
It is anticipated that the proposed rule will be presented for adoption as a permanent rule at the October 2020 Regents meeting, which is the first scheduled meeting after the 60-day public comment period prescribed in SAPA for State agency rule makings. However, since the emergency regulation will expire before the October meeting, it is anticipated that an additional emergency action will be presented for adoption at the September 2020 Regents meeting.
