MATTERS NOT REQUIRING BOARD ACTION

Appeals Process for Local Diplomas – The Committee discussed proposed amendments to regulations to clarify that the local diploma option continues to be available under the appeals process for general education students. The proposed amendments will be brought back to the Committee for further discussion with final adoption planned for October. [P-12 (D) 1]

PARCC Assessment Design Update – The Committee was updated on the PARCC Assessment Design process and discussed recommendations proposed to the PARCC Governing Board that adjustments be made to address concerns regarding costs and unintentional negative impacts on instruction resulting from the four separate testing administrations of the original design. The Governing Board has approved allowing the first two components of the PARCC assessment to be optional. The approved design still requires two separate test administrations for the final summative score: performance-based assessment tasks to be administered towards the end of the school year; and a separate component of innovative, machine-scored tasks to be administered at the end of the school year.
[P-12 (D) 2]

Consent Agenda Items – Staff presented the following items scheduled for approval on the full Board consent agenda:
