

**THE STATE EDUCATION DEPARTMENT / THE UNIVERSITY OF THE  
STATE OF NEW YORK / ALBANY, NY 12234**

**TO:** The Honorable the Members of the Board of Regents

**FROM:** Douglas E. Lentivech

**SUBJECT:** Report of the Committee on the Professions Regarding  
Licensing Petitions

**DATE:** August 29, 2011

**AUTHORIZATION(S):**

**Summary**

**Issue for Decision (Consent Agenda)**

Should the Regents approve the recommendations of the Committee on the Professions pertaining to licensing petitions as listed on the attachment?

**Proposed Handling**

This question will come before the full Board at its September 2011 meeting where it will be voted on and action taken.

**Procedural History**

Section 6506(5) of the Education Law and Section 24.7 of the Rules of the Board of Regents authorize the Regents to waive education, experience and examination requirements for a professional license as well as to confer the degree Doctor of Medicine.

**Background Information**

There are 8 licensing petitions and 37 requests for the conferral of the degree Doctor of Medicine for review and approval.

**Recommendation**

It is recommended that the Regents approve the recommendations of the Committee on the Professions regarding licensing petitions.

### Timetable for Implementation

Approval of the Committee on the Professions' recommendations will be effective September 13, 2011.

Cases Presented to Board of Regents on: September 13, 2011

11-04-50

Abdulaziz Basha Hijazi  
Rochester, NY

(University of Zagreb, School of Dental Medicine, Zagreb, Croatia, Doctor of Stomatology, June 1990)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable pre-professional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of pre-professional and professional education. Dr. Basha Hijazi completed a five-year combined pre-professional and professional dental education program at the University of Zagreb, School of Dental Medicine. Therefore, he lacks one year of education which is in the pre-professional area.

Following dental school, Dr. Basha Hijazi completed a postgraduate program in Implant Dentistry from September 2004 to July 2006 and an Advanced Certificate in Clinical Research at New York University College of Dentistry. Based on a review of Dr. Basha Hijazi's advanced studies at New York University College of Dentistry, the State Board for Dentistry recommends that these studies be considered to fulfill the remaining one year of required pre-professional education.

Additionally, Dr. Basha Hijazi did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. He enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in June 2011. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic	(1) See qualification #2.

chemistry, biology or zoology, and physics.	
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2)(a) Five years of acceptable pre-professional and professional dental education culminating in the degree of Doctor of Stomatology, University of Zagreb, School of Dental Medicine, Zagreb, Croatia, June 1990. (2)(b) Postgraduate program in Implant Dentistry, New York University College of Dentistry, New York, New York, September 2004 to July 2006. (2)(c) Advanced Certificate in Clinical Research, New York University College of Dentistry, New York, New York, May 2008.
(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two-year advanced program in general dentistry at the University of Rochester, Eastman Institute for Oral Health, Rochester, New York, completed June 2011.
(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.	
(5) Acceptable clinically-based dental residency program of at least one year's duration.	
(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6) Alien lawfully admitted for permanent residence in the United States.
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7) Completed required course in the identification and reporting of child abuse and maltreatment, February 2010.

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's pre-professional and professional education requirements be considered fulfilled.

**Board of Regents: September 13, 2011**

11-05-50

Barbara Gruchalska  
Rochester, NY

(Medical Academy of Warsaw, I Medicine Department, Dentistry Division, Warsaw, Poland, Dentist, August 2000)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable pre-professional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of pre-professional and professional education. Dr. Gruchalska completed a five-year combined pre-professional and professional dental education program at the Medical Academy of Warsaw, I Medicine Department, Dentistry Division. Therefore, she lacks one year of education which is in the pre-professional area.

Following dental school, Dr. Gruchalska completed one year of postgraduate hospital training in dentistry at the Infant Jesus Memorial Teaching Hospital in Warsaw, Poland from October 1, 2000 to September 30, 2001. Based on a review of Dr. Gruchalska's postgraduate hospital training in Poland, the State Board for Dentistry recommends that this training be considered to fulfill the remaining one year of required pre-professional education.

Additionally, Dr. Gruchalska did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. She enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in June 2011. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

11-06-50

Georgios Romanos  
Webster, NY

(University of Athens School of Dentistry, Athens, Greece, Diploma in Dentistry, July 1987)

Petition for: Acceptance of education.

Statement of Problem: Dr. Romanos did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. He enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in February 2011. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) See qualification #2.
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2)(a) Five years of acceptable pre-professional and professional dental education culminating in the Diploma in Dentistry, University of Athens School of Dentistry, Athens, July 1987. (2)(b) Postgraduate Program in Prosthodontics, University of Freiburg, Freiburg, Germany, September 1993.
(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two-year advanced program in general dentistry at the University of Rochester, Eastman Institute for Oral Health, Rochester, New York, completed February 2011.
(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.	(4) Passing scores on Parts I and II of the National Dental Board Examinations.

(5) Acceptable clinically-based dental residency program of at least one year's duration.	
(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6) Alien lawfully admitted for permanent residence in the United States.
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7) Completed required course in the identification and reporting of child abuse and maltreatment, November 2007.

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's professional education requirements be considered fulfilled.

### **THREE-YEAR LIMITED LICENSE IN DENTISTRY**

Petition for: Three-year limited license to practice Dentistry under Section 6604(6) of the Education Law.

Statement of Problem: The applicant listed below has satisfied the education and examination requirements for licensure as a dentist in New York State. The only requirement for full licensure that cannot be satisfied at this time is United States citizenship or immigration status as an alien lawfully admitted for permanent residence in the United States.

The applicant has an opportunity to practice dentistry in an area which has been designated a Federal Dental Health Professions Shortage Area and requests a three-year waiver of the citizenship requirement under Section 6604(6) of the Education Law. The applicant must sign an affidavit stating the exact location of the shortage area where she will practice before the three-year limited license will be issued.

Applicable Guidelines: Section 6604(6) of Education Law relates to the requirement of United States citizenship or permanent resident status for licensure as a dentist in New York State and allows the Board of Regents to grant a one-time, three-year waiver of this requirement for an alien dentist to practice in New York State if all other licensure requirements are satisfied and to grant an additional extension not to exceed six years to enable the alien to secure citizenship or permanent resident status, provided such status is being actively pursued.

NAME OF PETITIONER
<u>11-04-59</u> Jasleen Benepal Baldwinsville, NY 13027

**ACTION:** The Department shall issue a three-year limited license to the applicant to practice dentistry in New York State in a Federal Dental Health Professions Shortage Area upon approval by the Department of all documentation needed to verify satisfaction of all dentistry licensure requirements other than citizenship and an acceptable Affidavit of Agreement on the applicant's location of employment. The limited license may be renewed upon the lawful submission of an application for an extension of not more than six years, at the discretion of the Department.

**Board of Regents: September 13, 2011**

**CHIROPRACTIC**

11-09-70

James R. McGlinn

White River Jct., VT 05001

(Logan College of Chiropractic, Chesterfield, Missouri, Doctor of Chiropractic, 1976)

Petition for: Waiver of the requirements pertaining to acceptability of licensing examinations and acceptance of pre-professional education.

Statement of Problem: Dr. McGlinn took and passed the National Board of Chiropractic Examiners (NBCE) Part I examination in April 1975 and the Part II examination in April 1976. The applicant has documented over 35 years of professional practice. Commissioner's Regulations permit acceptance of passing grades on the NBCE examinations administered subsequent to September 1, 1977. The State Board for Chiropractic has recommended, since April 1992, that all NBCE Part I and Part II passing scores be accepted regardless of the date of administration. The Department also requires for such cases satisfactory licensed practice in another jurisdiction for at least five out of the eight years preceding application in New York State and absence of disciplinary charges.

In addition, Dr. McGlinn has presented two biological science courses which are described as plant science for the pre-professional education requirement for college study in "biology or zoology" and two physical sciences courses in place of a regular college course in physics. In addition, he took inorganic chemistry and organic chemistry in his chiropractic study. Section 24.3 (a) of the Commissioner's Regulations allows the Committee on the Professions (COP) to waive up to six semester hours of pre-professional education and to accept pre-professional study taken later in lieu of a maximum of thirty semester hours. Department staff support such action by the COP.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Sections 6554 and 6507 of the Education Law:	
(1) Two years of satisfactory pre-professional college study.	(1) University of Miami, Coral Gables, Florida, A. B., 1971. (Also, see Statement of Problem.)
(2) Completion of a satisfactory chiropractic program of at least four academic years.	(2) Logan College of Chiropractic, Chesterfield, Missouri, Doctor of Chiropractic, 1976.
(3) Acceptable scores on satisfactory licensing examinations.	(3)(a) See Statement of Problem. (3)(b) Clinical competency examinations passed in Vermont, June 1976

(4) United States citizenship or immigration status as an alien lawfully admitted for permanent residence in the United States.	(4) United States citizen.
(5) Good moral character.	(5) Good moral character
(6) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(6) Evidence of the required course in the identification and reporting of child abuse and maltreatment.
and Section 59.6 of the Regulations of the Commissioner of Education requires, in addition, for endorsement:	
(1) License in good standing in another state.	(1) Licensed in Vermont, June 1976.
(2) Evidence of at least two years of satisfactory experience following licensure.	(2) Evidence of over thirty-five years of acceptable experience.

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Chiropractic, recommends that the applicant's education be approved and that the combination of examinations in conjunction with other qualifications be accepted for endorsement.

**Board of Regents: September 13, 2011**

**THREE-YEAR LIMITED LICENSE IN VETERINARY MEDICINE**

Petition for: Three-year limited license to practice veterinary medicine under Section 6704(6) of the Education Law.

Statement of Problem: The applicants listed below have met the education and examination requirements for licensure as veterinarians in New York State. The only requirement for full licensure that cannot be satisfied at this time is United States citizenship or immigration status as an alien lawfully admitted for permanent residence in the United States.

Each applicant also has a pending application for full veterinary medical licensure, which cannot be granted until he/she satisfies the citizenship or permanent residency requirement.

Applicable Guidelines: Section 6704(6) of Education Law relates to the requirement of United States citizenship or permanent resident status for licensure as a veterinarian in New York State and allows the Board of Regents to grant a one-time three-year waiver (plus an extension of not more than one year) for an alien veterinarian to practice in New York State if all other licensure requirements are satisfied.

Name of Petitioner	
<u>11-16-74</u>	Julie Anne Gervais Bellmore, NY 11710
<u>11-17-74</u>	Sabrina Poggiagliolmi Huntington Station, NY 11746

**ACTION:** The Department shall issue a limited license for a maximum of three years to practice veterinary medicine in New York State to each applicant, conditional upon Approval by the Department of all documentation needed to verify satisfaction of all veterinary medicine licensure requirements other than citizenship. The limited license may be renewed upon the lawful submission of an application for an extension of not more than one year, at the discretion of the Department.

**Board of Regents: September 13, 2011**

**MEDICINE**

11-62-60

Peter Kotanko

New York, New York 10128

(Leopold-Franzen-Universitaet Innsbruck, Innsbruck, Austria, Doctor of Universal Medicine, April 1982)

Petition for: Endorsement of his medical license from Austria.

Statement of Problem: Commissioner's Regulations allow endorsement of an applicant's license from another jurisdiction if appropriate requirements are met, and the applicant has not failed any part of New York State's licensing examination. A license granted in a foreign country can be endorsed if licensure in that country is regulated by an organization designated as responsible for quality assurance and acceptable to the Board of Regents. Additionally, the applicant must satisfactorily demonstrate completion of an acceptable proficiency examination, clinical competency examination, three years of ACGME-accredited postgraduate training or the equivalent, and five years of satisfactory professional experience.

Dr. Kotanko has not attempted any part of the licensing examinations used by New York State. The Executive Secretary of the State Board for Medicine has reviewed the documentation submitted in support of Dr. Kotanko's application. He recommends that Dr. Kotanko's postgraduate training in internal medicine and physiology from 1982 through 1989 in Austria be accepted as the equivalent of the three years of ACGME-accredited postgraduate training required for licensure. Commissioner's Regulations allow the Board of Regents to accept appropriate foreign medical licenses and diplomate certificates to fulfill the licensure, proficiency, and clinical competency requirements for licensure by endorsement. Dr. Kotanko obtained his medical license in Austria in 1991. His Austrian license is active and in good standing. Dr. Kotanko obtained his specialist certification in Internal Medicine (1991) and in nephrology (1995) from the Austrian Medical Association. Dr. Kotanko also completed a Diploma in Nephrology (1996) at the Royal Postgraduate Medical School in London, England. The Executive Secretary of the State Board for Medicine recommends that the specialty qualifications be accepted to fulfill the proficiency and clinical competency requirements for licensure by endorsement.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Sections 60.1 and 60.5 of the Commissioner's Regulations require:	
(1) Six years of postsecondary education, including at least 32 months of medical education.	(1) Leopold-Franzen-Universitaet Innsbruck, Innsbruck, Austria, Doctor of Universal Medicine, April 1982.

(2) Proficiency examination.	(2) Specialist Certificate in Internal Medicine, Austrian Medical Association, July 1991.
(3) Three years of approved postgraduate hospital training.	(3) Postgraduate training in internal medicine and physiology from April 1982 through June 1989 at the Institute for Physiology and Medical University Hospital, University of Innsbruck, Innsbruck, Austria.
(4) Appropriate medical license or certificate.	(4) Medical license, Austrian Medical Association, 1991.
(5) Acceptable scores on a clinical competency examination acceptable to the Department.	(5)(a) Specialist Certificate in Nephrology, Austrian Medical Association, August 1995. (5)(b) Diploma in Nephrology, Royal Postgraduate Medical School, London, England, 1996.
(6) Not less than five years of satisfactory professional experience.	(6) Over eighteen years of satisfactory professional experience.
(7) United States citizen or alien lawfully admitted for permanent resident status in the United States.	(7) Alien lawfully admitted for permanent resident status in the United States.
(8) Evidence of good moral character.	(8) Good moral character.
(9) Course in the identification of child abuse and maltreatment.	

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Medicine, recommends that the applicant's qualifications be accepted to fulfill the requirements for licensure by endorsement.

## Board of Regents: September 13, 2011

### MEDICINE

Petition for: Conferral of the degree Doctor of Medicine (M.D.) pursuant to Section 6529 of the Education Law.

Summary Statement: The petitioners listed below are all graduates of foreign medical schools who have been licensed in New York.

The applicable requirements of Section 3.57 of the Rules of the Board of Regents require completion of a medical education program in a foreign medical school satisfactory to the Department which does not grant the degree Doctor of Medicine (M.D.), and in which the philosophy and curriculum were equivalent, as determined by the Department in accordance with the policy of the Board of Regents, to those in programs leading to the degree Doctor of Medicine (M.D.) at medical schools in the United States satisfactory to, or registered by, the Board of Regents and the Department. Secondly, petitioners must have licensure to practice medicine in New York State in accordance with provisions of Section 6524 or 6528 of the Education Law or their equivalent as determined by the Board of Regents pursuant to their authority under Section 6506 of the Education Law.
