

THE STATE EDUCATION DEPARTMENT / THE UNIVERSITY OF THE STATE OF NEW YORK / ALBANY, NY 12234

TO: The Honorable the Members of the Board of Regents

FROM: Douglas E. Lentivech

SUBJECT: Report of the Committee on the Professions Regarding Licensing Petitions

DATE: September 4, 2012

AUTHORIZATION(S): 
SUMMARY

Issue for Consent Agenda

Should the Regents approve the recommendations of the Committee on the Professions pertaining to licensing petitions as listed on the attachment?

Reason(s) for Consideration

Required by State Statute.

Proposed Handling

This question will come before the full board at its September 2012 meeting where it will be voted on and action taken.

Procedural History

Section 6506(5) of the Education Law and Section 24.7 of the Rules of the Board of Regents authorize the Regents to waive education, experience and examination requirements for a professional license as well as to confer the degree Doctor of Medicine.

Background Information

There are 7 licensing petitions and 36 requests for the conferral of the degree Doctor of Medicine for review and approval.

Recommendation

It is recommended that the Regents approve the recommendations of the Committee on the Professions regarding licensing petitions.

Timetable for Implementation

Approval of the Committee on the Professions' recommendations will be effective September 11, 2012.

Cases Presented to Board of Regents on September 12, 2012

DENTISTRY

12-04-50

Lena Alsabban
San Antonio, TX

(King Abdulaziz University, Jeddah, Saudi Arabia, Bachelor in Dental Medicine and Surgery, June 2003)

Petition for: Acceptance of education.

Statement of Problem: Dr. Alsabban did not complete the required two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school.

However, Dr. Alsabban has completed a four-year training program in oral and maxillofacial surgery that is accredited by the Commission on Dental Accreditation, from July 2008 to June 2012, with the first two years at the Medical College of Georgia and the final two years at the University of Texas Health Science Center at San Antonio. The Director of the Oral and Maxillofacial Surgery Residency program at the University of Texas Health Science Center at San Antonio, Dr. Edward Ellis, submitted a letter attesting to the fact that Dr. Alsabban has achieved the level of knowledge and clinical proficiency expected of a graduate from the University of Texas Health Science Center San Antonio Dental School.

The State Board for Dentistry recommends that, of the four academic years of study completed, two academic years be considered as the substantial equivalent of the two-year program required in Regulation, and two academic years be considered to fulfill the clinically-based dental residency program of at least one year's duration.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) See qualification #2.
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2) Six years of acceptable pre-professional and professional dental education culminating in the Bachelor in Dental Medicine and Surgery, King Abdulaziz University, Jeddah, Saudi Arabia, June 2003.

(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two academic years of study as part of the four-year oral and maxillofacial surgery training program, University of Texas Health Science Center at San Antonio, San Antonio, Texas, completed June 2012.
(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.	(4) Passing scores on Parts I and II of the National Dental Board Examinations.
(5) Acceptable clinically-based dental residency program of at least one year's duration.	(5) Two academic years of study as part of the four-year oral and maxillofacial surgery training program, University of Texas Health Science Center at San Antonio, San Antonio, Texas, completed June 2012.
(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6) United States citizen.
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7) Completed required course in the identification and reporting of child abuse and maltreatment.

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's pre-professional and professional education requirements be considered fulfilled.

Adela Guset
Penfield, NY

(Universitatea de Medicina si Farmacie “Victor Babes” din Timisoara, Timisoara, Romania, Physician-Stomatologist, December 2005)

Petition for: Acceptance of education.

Statement of Problem: Dr. Guset did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. She enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in June 2012. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) See qualification #2.
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2) Six years of acceptable pre-professional and professional dental education culminating in the degree of Physician-Stomatologist, Universitatea de Medicina si Farmacie “Victor Babes” din Timisoara, Timisoara, Romania, December 2005.
(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two-year advanced program in general dentistry at the University of Rochester, Eastman Institute for Oral Health, Rochester, New York, completed June 2012.
(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.	(4)

(5) Acceptable clinically-based dental residency program of at least one year's duration.	(5)
(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6) Alien lawfully admitted for permanent residence in the United States.
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7) Completed the required course in the identification and reporting of child abuse and maltreatment.

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's professional education requirements be considered fulfilled.

Germain Jean-Charles
Pittsford, NY

(Universite d'Etat d'Haiti, Faculte d'Ontologie, Port-au-Prince, Haiti, Dental Surgeon, July 1999)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable pre-professional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of pre-professional and professional education. Dr. Jean-Charles completed a five-year combined pre-professional and professional dental education program at Universite d'Etat d'Haiti, Faculte d' Ontologie in Port-au-Prince, Haiti. Therefore, he lacks one year of education which is in the pre-professional area.

Dr. Jean-Charles also completed a three-year Residency in Oral and Maxillofacial Pathology at the University at Buffalo State University of New York in Buffalo, New York from August 2007 through July 2010. The State Board for Dentistry recommends that one year of this experience be considered to fulfill the remaining one year of required pre-professional education.

Additionally, Dr. Jean-Charles did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. He enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in June 2012. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) See qualification #2.

<p>(2) Four academic years of dental education culminating in a degree in an acceptable dental school.</p>	<p>(2) (a) Five years of acceptable pre-professional and professional dental education culminating in the degree of Dental Surgeon, Universite d'Etat d'Haiti, Faculte d'Ontologie, Port-au-Prince, Haiti, July 1999.</p> <p>(2) (b) One year of Residency in Oral and Maxilofacial Pathology at the University at Buffalo State University of New York in Buffalo, New York from August 2007 through July 2008.</p>

DENTISTRY

12-07-50

Annette Lorenzo Reyes
Rochester, NY

(Instituto Superior de Ciencias Medicas “Carlos J. Finlay” de Camaguey, Camaguey, Cuba, Doctor en Estomatologia, July 2001)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable pre-professional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of pre-professional and professional education. Dr. Lorenzo Reyes completed a five-year combined pre-professional and professional dental education program at Instituto Superior de Ciencias Medicas “Carlos J. Finlay” de Camaguey in Camaguey, Cuba. Therefore, she lacks one year of education which is in the pre-professional area.

Following dental school, Dr. Lorenzo Reyes also completed a two-year Especialista Estomatologia General Integral program at Instituto Superior de Ciencias Medicas “Carlos J. Finlay” de Camaguey in November 2006. Based on a review of Dr. Lorenzo Reyes’ advanced studies at Instituto Superior de Ciencias Medicas “Carlos J. Finlay” de Camaguey, the State Board for Dentistry recommends that these studies be considered to fulfill the remaining one year of required pre-professional education.

Additionally, Dr. Lorenzo Reyes did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. She enrolled in the two-year advanced program in general dentistry at the Eastman Institute for Oral Health of the University of Rochester and completed the program in December 2011. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of pre-professional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) See qualification #2.

<p>(2) Four academic years of dental education culminating in a degree in an acceptable dental school.</p>	<p>(2) (a) Five years of acceptable pre-professional and professional dental education culminating in the degree of Doctor en Estomatología, Instituto Superior de Ciencias Médicas “Carlos J. <p>(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.</p>	<p>(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.</p>

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant’s pre-professional and professional education requirements be considered fulfilled.

Board of Regents: September 11, 2012

VETERINARY MEDICINE

12-05-75

Scott Elwood Palmer
Millstone Township, NJ 08535

(University of Pennsylvania, School of Veterinary Medicine, Philadelphia, Pennsylvania, V.M. D., 1976)

Petition for: Waiver of New York State requirements pertaining to acceptability of licensing examinations for licensure by endorsement.

Statement of Problem: Dr. Palmer graduated from an accredited college of veterinary medicine in the United States in 1976 and was licensed in Pennsylvania on the basis of acceptable scores on the National Board Examination (NBE). Since Pennsylvania's records were destroyed by fire, his actual 1976 NBE score is not now reportable. The American Association of Veterinary State Boards reports that based on the recorded mean and standard deviation for his exam, the passing scores in Pennsylvania and New York would have been the same. Additionally, Dr. Palmer has not taken the Clinical Competency Test (CCT) that was required for licensure with the NBE (first offered in 1984) or the replacement North American Veterinary Licensing Examination (which was first offered in 2000).

Based on Dr. Palmer's documentation of clinical competence, the State Board for Veterinary Medicine recommends waiver of the CCT examination requirement and acceptance of the applicant's license for endorsement in New York State.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 6704 of the Education Law and Section 59.6 and Part 62 of the Regulations of the Commissioner of Education:	
(1) Completion of six years' pre-professional and professional postsecondary studies satisfactory to the department and graduation with a satisfactory degree in veterinary medicine.	(1) University of Pennsylvania, Philadelphia, Pennsylvania, Doctor of Veterinary Medicine, May 1976.
(2) Acceptable scores on satisfactory licensing examinations or passing scores on an acceptable state licensing examination not in use in New York State and at least two years' satisfactory professional experience following licensure.	(2) (a) See Statement of Problem. (2) (b) Licensed in Pennsylvania and New Jersey 1976. (2) (c) More than two years of satisfactory professional experience following licensure.

(3) United States citizenship or immigration status as an alien lawfully admitted for permanent resident status in the United States.	(3) United States citizen.
(4) Evidence of good moral character.	(4) Good moral character.

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Veterinary Medicine, recommends that the examination requirement be waived and that the applicant's license be endorsed.

Board of Regents: September 11, 2012

VETERINARY MEDICINE

12-09-75

Shlomit Levy Tennenboim
Ra'anana, Israel

(University of Bologna, Bologna, Italy, D.V.M., 1982)

Petition for: Waiver of New York State requirements pertaining to acceptability of education and licensing examinations for licensure by endorsement.

Statement of Problem: As a graduate of a veterinary medicine program not accredited by the American Veterinary Medicine Association, Dr. Levy Tennenboim is required to document completion of satisfactory clinical education equivalent to the clinical training in an accredited veterinary medical program, such as certification by the Educational Commission for Foreign Veterinary Graduates (ECFVG). Dr. Levy Tennenboim is unable to document a year of clinical education, though she has documented numerous seminar hours in avian veterinary medicine, etc. She did not do the ECFVG program.

In addition, Dr. Levy Tennenboim passed the December 1983 National Board Examination (NBE) but not the Clinical Competency Test (CCT). For New York State licensure, an applicant who passed the NBE must also pass the CCT, which was offered from 1984 until 2000. The CCT and the NBE have been replaced by the North American Veterinary Licensing Examination (NAVLE). In addition to the NBE examination, Dr. Levy Tennenboim also passed for California licensure the California State Board Exam, a written (practical) examination and has maintained licensure there since 1984.

In view of Dr. Levy Tennenboim's documentation of 28 years of licensed practice in California and Israel as evidence of clinical competence, the Executive Secretary of the State Board for Veterinary Medicine recommends that the year of clinical education be waived and the applicant's license be accepted for endorsement in New York State, waiving the requirements of the CCT examination and the year of clinical training.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 6704 of the Education Law and Part 62 of the Regulations of the Commissioner of Education:	
(1) Completion of six years of pre-professional and professional postsecondary studies satisfactory to the Department, including satisfactory clinical education, and graduation with a satisfactory degree in veterinary medicine.	(1) Hebrew University of Jerusalem Faculty of Science, Jerusalem, Israel, nine lecture & laboratory courses, 1977 – 1978; University of Bologna, Bologna, Italy, D.V.M., 1982.

<p>(2) Acceptable scores on satisfactory licensing examinations or passing scores on an acceptable state licensing examination not in use in New York State and at least two years' satisfactory professional experience following licensure.</p>	<p>(2) (a) NBE, December 1983. See Statement of Problem. (2) (b) Licensed in Israel, December 31, 1982 and in California, July 26, 1984. (2) (c) More than two years of satisfactory professional experience following licensure.</p>
<p>(3) United States citizenship or immigration status as an alien lawfully admitted for permanent resident status in the United States.</p>	<p>(3) United States citizen.</p>
<p>(4) Evidence of good moral character.</p>	<p>(4) Good moral character.</p>

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Veterinary Medicine, recommends that the clinical education requirement and the clinical competency test examination requirement be waived and that the applicant's license be endorsed.

Board of Regents: September 11, 2012

MEDICINE

12-65-60

Luigi Di Biase

Austin, Texas 78702

(Universita Degli Studi di Bari, Bari, Italy, Diploma of Medicine and Surgery, July 2000)

Petition for: Endorsement of his medical license from Italy.

Statement of Problem: Commissioner's Regulations allow for endorsement of an applicant's license from another jurisdiction if appropriate requirements are met, and if the applicant has not failed any part of New York State's licensing examination (USMLE). A license granted in a country outside the United States can be endorsed if licensure in that country is regulated by an organization designated as responsible for quality assurance and acceptable to the Board of Regents. Additionally, the applicant must satisfactorily demonstrate completion of an acceptable proficiency examination (ECFMG), clinical competency examination, three years of American Council on Graduate Medical Education (ACGME) accredited postgraduate training or the equivalent, and five years of satisfactory professional experience.

The Executive Secretary of the State Board for Medicine has reviewed the documentation of foreign and unaccredited training submitted in support of Dr. Di Biase's application. He recommends that Dr. Di Biase's Residency in Cardiology in Italy and Fellowships in Ohio and Texas be accepted as the substantial equivalent of the required three years of ACGME-accredited postgraduate training.

Commissioner's Regulations also allow the Board of Regents to accept appropriate foreign medical licenses to fulfill the licensure requirements and diplomate certificates obtained on the basis of satisfying experience and examination requirements to fulfill the proficiency and clinical competency requirements for licensure by endorsement.

Dr. Di Biase obtained his medical license in Italy in 2001. His license is active and in good standing. Dr. Di Biase further obtained his specialty diploma in Cardiology from the Universita Degli Studi di Bari in 2005, a Master's degree in Cardiac Electrophysiology and Cardiac Pacing from the Universita Degli Studi Dell'Insubria in 2007, and a Doctorate of Philosophy (Ph.D.) in Physiopathology and Clinics of Cardiovascular and Respiratory System from the Universita Degli Studi di Foggia in 2010. Dr. Di Biase has not attempted any part of the New York State proficiency or licensing examinations.

The Executive Secretary of the State Board for Medicine has reviewed the additional qualifications presented by Dr. Di Biase and recommends that his Italian license be endorsed and that his master's and doctoral degrees be accepted to fulfill the proficiency examination requirement. He further recommends that Dr. Di Biase's specialty diploma in Cardiology be considered to fulfill the clinical competency requirement for endorsement.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Sections 60.1 and 60.5 of the Commissioner's Regulations require:	
(1) Six years of postsecondary education, including at least 32 months of medical education.	(1) Università Degli Studi di Bari, Bari, Italy, Diploma of Medicine and Surgery, July 2000.
(2) Proficiency examination.	(2) (a) Master II in Cardiac Electrophysiology and Cardiac Pacing, Università Degli Studi Dell'Insubria, Varese, Italy, September 2007. (2) (b) Ph.D. in Physiopathology and Clinics of Cardiovascular and Respiratory System, Università Degli Studi di Foggia, Foggia, Italy, November 2010.
(3) Three years of approved postgraduate hospital training.	(3) (a) Residency in Cardiology at the Università Degli Studi di Bari, Bari, Italy, November 2000 to December 2004. (3) (b) Clinical Cardiac Electrophysiology Research Fellowship at the Cleveland Clinic, Cleveland, Ohio, March 2007 to July 2008. (3) (c) Research Fellowship at the University of Texas Medical Branch in Galveston, Texas, July 2008 to July 2009.
(4) Appropriate medical license or certificate.	(4) Medical license, Ordine dei Medici Chirurghi e degli Odontoiatri - Bari, July 2001.
(5) Acceptable scores on a clinical competency examination acceptable to the Department.	(5) Specialty diploma in Cardiology, Università Degli Studi di Bari, Bari, Italy, May 2005.
(6) Not less than five years of satisfactory professional experience.	(6) Over seven years of satisfactory professional experience.
(7) United States citizen or alien lawfully admitted for permanent resident status in the United States.	(7) Alien lawfully admitted for permanent resident status in the United States.
(8) Evidence of good moral character.	(8) Good moral character.
(9) Course in the identification of child abuse and maltreatment.	(9) Completed the required course in the identification of child abuse and maltreatment.

RECOMMENDATION: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Medicine, recommends that the applicant's qualifications be accepted to fulfill the requirements for licensure by endorsement.

Board of Regents: September 11, 2012

MEDICINE

Petition for: Conferral of the degree Doctor of Medicine (M.D.) pursuant to Section 6529 of the Education Law.

Summary Statement: The petitioners listed below are all graduates of foreign medical schools who have been licensed in New York.

The applicable requirements of Section 3.57 of the Rules of the Board of Regents require completion of a medical education program in a foreign medical school satisfactory to the Department which does not grant the degree Doctor of Medicine (M.D.), and in which the philosophy and curriculum were equivalent, as determined by the Department in accordance with the policy of the Board of Regents, to those in programs leading to the degree Doctor of Medicine (M.D.) at medical schools in the United States satisfactory to, or registered by, the Board of Regents and the Department. Secondly, petitioners must have licensure to practice medicine in New York State in accordance with provisions of Section 6524 or 6528 of the Education Law or their equivalent as determined by the Board of Regents pursuant to their authority under Section 6506 of the Education Law.
