STANDING COMMITTEE REPORTS

ADULT CAREER AND CONTINUING EDUCATION SERVICES (ACCES)

Your ACCES Committee held its scheduled meeting on October 26, 2015. All members were present.

MATTERS NOT REQUIRING BOARD ACTION

Workforce Innovation and Opportunity Act Combined State Plan – Your Committee was provided with information on the development of the Combined State Plan as required by the Workforce Innovation and Opportunity Act (WIOA). WIOA was signed into law in July, 2014, superseding the Workforce Investment Act of 1998 and amending the Adult

Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973. The purpose of WIOA is to better align the workforce system with education and economic development in an effort to create a collective response to economic and labor market challenges on the national, state, and local levels. WIOA brings together core programs of Federal Investment in skill development and employment and training services. At the state level, these core programs are administered by the State Education Department, the Department of Labor, or the Commission for the Blind. WIOA is a shift from previous law in that instead of allowing, it now requires each state to submit a unified (submitting only the required core programs) or combined (adding additional programs) state strategic plan. New York State plans to submit a Combined Plan because it will include the Trade Adjustment Act, administered by DOL, as an additional permitted program. Staffs from the Department of Labor, the Commission for the Blind, and SED's Office of ACCES have been meeting regularly since January 2015 to draft a Combined State Plan. They plan to have a finalized draft of the Combined State Plan for review and approval at the December 2015 Board of Regents meeting. ACCES (D) 1

Regents 2016-2017 State Budget Priorities – We are requesting \$10 million in new state funding for the *Bridge to College and Careers Pilot Program*. Program applicants would be a partnership between an adult education program and college or training provider of demonstrated effectiveness. This program would provide career-related coursework, career pathways counseling, college readiness, and transition support services to out of school youth and adults. ACCES (D) 2

AUDITS/BUDGET AND FINANCE

The Regents Committee on Audits/Budget and Finance met on Monday, October 26, 2015, as scheduled.

Items Discussed

Race to the Top (RTTT) Presentation

With the recent close out of the Race to the Top (RTTT) grant, the Chief Financial Officer presented an overview of the budget breakdown, final expenditures and key activities performed under the grant. Of the \$696 M award, New York State spent 100% of the State's allocation and the LEAs underspent their 50% share by just \$70,186. Just over a thousand grants were awarded: (1) over 700 awarded from the LEA 50% share and (2) over 300 awarded from the state side projects.

Completed Audits

The Internal Audit Workgroup reviewed 24 audits that are being presented to the Committee this month. Two audits were issued by the Office of Audit Services and the remaining 22 were issued by the Office of the State Comptroller. Sixteen audits were of school districts, four were of special education service providers, two were of colleges, one was of a Board of Cooperative Educational Services, and one of a charter school.

The findings were in the areas of financial reporting, budgeting, claims processing, procurement, payroll, cash, information technology, extra-classroom activity fund, Consolidated Fiscal Reporting, Race to the Top Grant, school lunch, separation benefits, unrestricted fund balance, fuel accountability, online banking, policies and procedures, and incident reporting.

2015 Fiscal Report

Our Chief Financial Officer provided the Members with the fiscal report for September. Extensive spending controls continue for all funds. General Fund spending reflects the amounts appropriated in the 2015-16 enacted budget. General Fund accounts are in structural balance. Special Revenue accounts are all in structural balance on a current year basis and the accumulated negative balance in the Cultural Education Account is projected to be reduced by approximately \$500,000.

Finally, Mr. Ruller reviewed four federal programs that have important support for New York State cultural institutions, including the Institute for Museum and Library Sciences, the National Historical Publications and Records Commission, the National Endowment of the Humanities and the Innovative Approaches to Literacy program in the U.S. Department of Education. Regent Tilles remarked on the copies of the New York Archives magazine that was distributed to members of the committee, commending its quality and accessibility.
