#### **Background Information**

When a college or university seeks to expand its academic mission (e.g., by offering a degree at a new level of study or in a new disciplinary area, or establishing a branch campus), it must submit a master plan amendment application for review and approval by the Board of Regents. Depending upon the nature of the proposed programs that require the master plan amendment, the applications will be submitted to either the Department's Office of Higher Education or Office of the Professions. The Regents must approve an amendment of each institution's master plan before the institution can undertake the proposed activities.

Academic reviews of the proposed master plan amendments have been completed by the Office of Higher Education's Office of College and University Evaluation (OCUE). OCUE has determined that the proposed programs meet the standards for registration set forth in the Regulations of the Commissioner of Education. If a charter amendment is also necessary (e.g., to establish a branch campus), it is indicated on the summary table, and the charter amendment is included in the Charter Applications item on the Full Board agenda.
