Background Information

Generally

On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020, the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. In response, the Department adopted emergency regulations at the April, May, June, July, September, October, November, and December 2020 Board of Regents meetings to address numerous issues resulting from interruptions caused by the COVID-19 crisis, including numerous amendments providing flexibility for institutions of higher education, certificate holders, applicants for certification, and candidates in educator preparation programs. To address additional issues resulting from the interruptions caused by the COVID-19 crisis, the Department is proposing further emergency regulatory amendments relating to higher education as follows:

- Accreditation
 - The Department proposes to amend section 52.21 of the Commissioner's regulations to provide additional time for institutions of higher education with both initial level and advanced level educator preparation programs, whose initial level programs have been reviewed and accredited by the Council for the Accreditation of Educator Preparation (CAEP) but whose advanced level programs have not yet been reviewed and accredited by CAEP, to complete the process for accreditation of their advanced level programs. These institutions may wait for the next accreditation review of their initial level programs to have their advanced level programs reviewed and accredited by CAEP, and those programs will be considered continuously accredited during that time period. (Attachment A # 4).
- Computer Science Tenure Area and Statement of Continued Eligibility (SOCE)
 - The Department proposes to amend section 30-1.2 of the Rules of the Board of Regents to extend the dates listed in the computer science tenure regulations, which are related to the Computer Science certificate, from September 1, 2022 to September 1, 2023. This one-year extension is consistent with the amendments to section 80-3.14 of the Commissioner's regulations providing a one-year extension for the Computer Science SOCE, signaling that teachers of computer science courses do not need to hold the Computer Science certificate or SOCE until September 1, 2023 described directly below (Attachment A # 1).

- Currently, for the Computer Science SOCE, teachers must be employed as teachers of computer science courses within the five years immediately preceding September 1, 2022 in a New York State public school, BOCES, or other school where teacher certification is required. The Department proposes to amend section 80-3.14 of the Commissioner's regulations to extend the application deadline for the Computer Science SOCE from September 1, 2022 to September 1, 2023. Additionally, the proposed amendment provides that teachers must be employed as teachers of computer science courses within six years immediately preceding September 1, 2023, rather than five. The proposed amendments are in response to schools offering fewer, if any, computer science courses during the COVID-19 pandemic, which may impact teachers' eligibility for the SOCE. The extensions provide school districts with more time to plan and offer needed computer science courses, which teachers must teach to receive the SOCE (Attachment A # 17).
- Individual Evaluation Pathway to Certification
 - The Department proposes to amend section 80-3.7 to extend the date by which candidates who apply for certification through the Individual Evaluation pathway must satisfy a longer teaching experience requirement (e.g., 14 weeks instead of 40 days) from September 1, 2026 to September 1, 2027. This one-year extension is consistent with the proposed amendments to section 52.21 providing a one-year extension for registered teacher preparation programs to revise their student teaching requirements described immediately below (Attachment A #'s 18-26).
- Student Teaching
 - The Department proposes to amend section 52.21 to provide a one-year extension for registered teacher preparation programs to revise their field experience and student teaching requirements in accordance with the Commissioner's regulations, establish memoranda of understanding or similar collaborative agreements related to clinical experiences, and ensure clinical experiences during community college programs, where applicable. With the extension, the required program changes would apply to candidates who first enroll in a registered program in the fall 2023 semester, instead of the fall 2022 semester and thereafter, to provide programs with additional time to make the required changes, if needed, because they have not been able to focus on making significant program changes during the COVID-19 pandemic (Attachment A #'s 2-16).

Recommendation

It is recommended that the Board of Regents take the following action:

VOTED: That Sections 52.21, 80-3.14, and 80-3.7 of the Regulations of the Commissioner of Education and Section 30-1.2 of the Rules of the Board of Regents be amended, as submitted, as an emergency measure, effective February 9, 2021, upon a finding by the Board of Regents that such action is necessary for the preservation of public health and the general welfare in order to immediately provide flexibility for certain higher education regulatory requirements in response to the COVID-19 crisis.

Timetable for Implementation

If adopted as an emergency measure at the February 2021 Regents meeting, the proposed amendments will become effective as an emergency rule on February 9, 2021. It is anticipated that the proposed amendments will be presented for permanent adoption at the June 2021 Regents meeting, after publication of the proposed amendment in the State Register and expiration of the 60-day public comment period required under the State Administrative Procedure Act. If adopted at the June 2021 meeting, the proposed rule will become effective on June 23, 2021. Because the emergency adoption will expire before the June 2021 Regents meeting, it is anticipated that an additional emergency action will be presented for adoption at the April Regents meeting.

Attachment A

AMENDMENT TO THE REGULATIONS OF THE COMMISSIONER OF EDUCATION

Pursuant to sections 101, 207, 210, 215, 3001, 3004, and 3009 of the Education Law.

1. Subdivision (d) of section 30-1.2 of the Rules of the Board of Regents shall be amended as follows:

(d) The provisions of this Subpart shall apply to a professional educator employed by a school district or board of cooperative educational services to devote a substantial portion of his or her time to the provision of instruction in computer science, on or after August 1, 1975, as follows:

STATEMENT OF FACTS AND CIRCUMSTANCES WHICH
NECESSITATE EMERGENCY ACTION

On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020, the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. In response, the Department adopted emergency regulations at the April, May, June, July, September, October, November, and December 2020 Board of Regents meetings to address numerous issues resulting from interruptions caused by the COVID-19 crisis, including numerous regulations providing flexibility for institutions of higher education, certificate holders, applicants for certification, and candidates in educator preparation programs. To address additional issues resulting from the interruptions caused by the COVID-19 crisis, it is necessary for the Department to adopt further higher education regulatory amendments related to the following:

- Student Teaching;
- Individual Evaluation Pathway to Certification;
- Accreditation; and
- Computer Science Tenure Area and Statement of Continued Eligibility.

Because the Board of Regents meets at scheduled intervals, the earliest the proposed amendment could be presented for regular (non-emergency) adoption, after publication in the State Register and expiration of the 60-day public comment period required in the State Administrative Procedure Act (SAPA) sections 201(1) and (5), is the

June 2021 Regents meeting. However, because the COVID-19 crisis is presently affecting the State of New York, emergency action is necessary for the preservation of public health and the general welfare in order to immediately address issues arising from the COVID-19 crisis and to provide flexibility for certain higher education regulatory requirements in response to the COVID-19 crisis.

It is anticipated that the proposed rule will be presented for adoption as a permanent rule at the June 2021 Regents meeting, which is the first scheduled meeting after the 60-day public comment period prescribed by SAPA for State agency rule makings. However, since the emergency regulation will expire before the June meeting, it is anticipated that an additional emergency action will be presented for adoption at the April 2021 Regents meeting.
