Joanie Hsu

Flushing, New York 11354

Petition for: Acceptance of passing grades on the Uniform Certified Public Accountancy Examination.

Statement of Problem: Joanie Hsu, an applicant for licensure as a CPA, recently passed the four parts of the Uniform CPA Examination. However, she exceeded the 18-month time conditioning period in which to complete the examination requirements.

Ms. Hsu received conditional credit for passing the Regulation (REG) section of the Examination in April 2011 and the Auditing and Attestation (AUD) section in May 2011. Under the 18-month conditioning requirements, she needed to pass the remaining two sections by December 31, 2012 in order to retain credit for REG and AUD.

Ms. Hsu sat for and passed the Business Environment and Concepts (BEC) section on her second attempt in May 2012. She sat for and failed Financial Accounting and Reporting (FAR) in November 2011, April 2012, August 2012, and November 2012. She then passed FAR on her fifth attempt in January 2013, 19 days after she lost conditional credit for REG and AUD.

Ms. Hsu's ability to effectively prepare for and sit for the exam was compromised because of the impacts of Superstorm Sandy. She scheduled to sit for and passed FAR in January 2013, the next available testing window.

Based on the circumstances presented, and the fact that Ms. Hsu did successfully complete the fourth section of the Examination in the next available testing window, the Executive Secretary of the State Board for Public Accountancy supports her petition to waive the 18-month requirement to pass all four parts of the Uniform CPA Examination.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:	
(1) A bachelor's or higher degree based on a program in accountancy.	
(2) Passing scores on the Uniform CPA Examination.	(2)(a) April 2011: Regulation (passing score). (2)(b) May 2011: Auditing and Attestation (passing score).

	(2)(c): May 2012: Business Environment and Concepts (passing score). (2)(d) January 2013: Financial Accounting and Reporting (passing score).
(3) Two years of satisfactory experience.	

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Public Accountancy, recommends that the applicant's petition for acceptance of passing grades on the Uniform CPA Examination be accepted.

Juan Martinez  
Bronx, NY 10468

Petition for: Acceptance of passing grades on the Uniform Certified Public Accountancy Examination.

Statement of Problem: Juan Martinez, an applicant for licensure as a CPA, recently passed the four parts of the Uniform CPA Examination. However, he exceeded the 18-month time conditioning period in which to complete the examination requirements by four months.

Mr. Martinez received conditional credit for passing the Business Environment Concepts (BEC) section of the Examination in November 2010. Under the 18-month conditioning requirements, he needed to pass the remaining three sections by June 30, 2012 in order to retain credit for BEC.

Mr. Martinez sat for and passed the Financial Accounting and Reporting (FAR) section on his second attempt in January 2012. He passed the Regulation (REG) section in October 2011. Mr. Martinez sat for and failed the Auditing and Attestation (AUD) section of the exam twice before passing it in on his third attempt in October 2012, four months after he lost conditional credit for BEC.

Mr. Martinez's ability to effectively prepare for and sit for the exam was significantly compromised during a period of several months due to a documented motor vehicle accident and his subsequent recovery. Mr. Martinez did continue to sit for the AUD section of the exam during this period, but was not able to prepare or focus effectively enough to pass, due to the impacts of the accident.

Based on the documentation provided and Mr. Martinez's success on all four parts of the Examination, the Executive Secretary of the State Board for Public Accountancy supports his petition to waive the 18-month requirement to pass all four parts of the Uniform CPA Examination.

<b>APPLICABLE REQUIREMENTS:</b>	<b>QUALIFICATIONS:</b>
Section 7404 of Education Law and Part 70 of the Commissioner's Regulations require:	
(1) A bachelor's or higher degree based on a program in accountancy.	
(2) Passing scores on the Uniform CPA Examination.	(2)(a) November 2010: Business Environment and Concepts (passing score).

	(2)(b) October 2011: Regulation (passing score). (2)(c) January 2012: Financial Accounting and Reporting (passing score). (2)(d) October 2012: Auditing and Attestation (passing score).
(3) Two years of satisfactory experience.	

**RECOMMENDATION:** The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Public Accountancy, recommends that the applicant's petition for acceptance of passing grades on the Uniform CPA Examination be accepted.

New York, New York 10029

(Universite Lille 2, Faculte de Medecine, Lille, France, State Diploma of Doctor of Medicine, July 1987)

Petition for: Endorsement of his medical license from France.

Statement of Problem: Commissioner's Regulations allow for endorsement of an applicant's license from another jurisdiction if appropriate requirements are met, and if the applicant has not failed any part of New York State's licensing examination (USMLE). A license granted in a country outside the United States can be endorsed if licensure in that country is regulated by an organization designated as responsible for quality assurance and acceptable to the Board of Regents. Additionally, the applicant must satisfactorily demonstrate completion of an acceptable proficiency examination (ECFMG), clinical competency examination, three years of American Council on Graduate Medical Education (ACGME) accredited postgraduate training or the equivalent, and five years of satisfactory professional experience.

The Executive Secretary of the State Board for Medicine has reviewed the documentation of foreign and unaccredited training submitted in support of Dr. Colombel's application. He recommends that Dr. Colombel's training in France and fellowships in Minnesota and New York be accepted as the substantial equivalent of the required three years of ACGME-accredited postgraduate training.

Commissioner's Regulations also allow the Board of Regents to accept appropriate foreign medical licenses to fulfill the licensure requirements and diplomate certificates obtained on the basis of satisfying experience and examination requirements to fulfill the proficiency and clinical competency requirements for licensure by endorsement.

Dr. Colombel obtained his medical license in France in 1988. His license is active and in good standing. Dr. Colombel has not attempted any part of the New York State proficiency or licensing examinations.

The Executive Secretary of the State Board for Medicine has reviewed the additional qualifications presented by Dr. Colombel and recommends that his French license be endorsed and that his certificate of special studies be accepted to fulfill the

proficiency examination requirement. He further recommends that Dr. Colombel's DEA and HDR be considered to fulfill the clinical competency requirement for endorsement.
