 - Section 200.20(b)(6) requires preschool providers to make-up missed services within 30 days of the missed session. Eligible candidates who choose to take the edTPA but do not pass it, could take and pass the ATS-W, or pursue the edTPA Multiple Measures Review Process (MMRP), if they qualify (Attachment A #52).
 - Section 80-3.15 is amended to extend the SOCE application deadline from June 30, 2020 to June 30, 2021 so that school districts have time to identify staff who are eligible for the SOCE, inform them about the application process and any supports provided, and submit the materials needed for applications since school districts are losing time during the COVID-19 crisis as the SOCE deadline approaches (Attachment A #53).
 - For the SOCE and limited extension, special education teachers must complete their satisfactory full-time teaching experience, while being considered Highly Qualified through passing a HOUSSE rubric in the subject area, prior to June 30, 2020. The Department is proposing to amend section 80-4.3 to extend the time period by which the experience must be completed to June 30, 2021, giving teachers the opportunity to gain more full-time satisfactory teaching experience for the SOCE or limited extension as they are losing time to do so during the COVID-19 crisis (Attachment A #54).
- Accountability
 - The federal government has approved the Department's application for a one-year waiver from provisions of the Every Student Succeeds Act (ESSA) pertaining to State assessments and school and district accountability

determinations due to the unique circumstances that have arisen as a result of the COVID-19 crisis. Therefore, the Department is proposing to amend section 100.21 to provide that the Commissioner shall not conduct a review of school and district performance using 2019-2020 school year result, the accountability status of public schools and districts for the 2020-2021 school year shall be the same as for the 2019-2020 school year, and the 2018-2019 school year results shall be used in any instance for which 2019-2020 school year results would have been used as part of the process of making 2021-2022 school year accountability determinations. Additionally, the Commissioner may, upon a finding of good cause, modify for the 2019-2020 through 2021-2022 school years any timelines pertaining to notifications, plans, reports, or implementation of activities required by such section (Attachment A #'s 55-61).

Proposed Revisions

The Department is proposing to revise the amendment to section 100.10(h) of the Commissioner's regulations to provide additional flexibility for the annual assessment requirement. The revised amendment provides that due to the COVID-19 crisis, students shall be exempt from the annual assessment and alternative evaluation requirements for the 2019-20 school year where a student otherwise achieves the learning outcomes in accordance with their individualized home instruction plan (IHIP)(Attachment A #8).

STATEMENT OF FACTS AND CIRCUMSTANCE WHICH NECESSITATE
EMERGENCY ACTION

On January 30, 2020, the World Health Organization designated the novel coronavirus, COVID-19, outbreak as a Public Health Emergency of International Concern. On March 7, 2020 the Governor of New York State declared a State disaster emergency for the entire State of New York pursuant to Executive Order 202. Subsequently, the Governor issued additional Executive Orders in response to the COVID-19 crisis including orders directing the closure of schools for the remainder of the school year and summer school and directing non-essential work personnel to work from home. In response the Department presented the proposed amendment to the Full Board for adoption as an emergency action at the April 2020 meeting of the Board of Regents, effective April 7, to address numerous issues resulting from the interruptions caused by the COVID-19 crisis. At the May 2020 Board of Regents Meeting the Department revised the proposed emergency regulation to provide clarification and additional flexibility for regulatory requirements in response to the COVID-19 crisis. The Department has made additional revisions the proposed emergency regulation relating to home instruction annual assessments to provide further flexibility for regulatory requirements in response to the COVID-19 crisis. The proposed amendment provides flexibility related to the following:

- Instructional day and hour requirements;
- The service of pleadings and supporting papers for appeals to the Commissioner pursuant to Education Law §310;

- Charter school lotteries, reporting requirements, and payments by public school districts to Charter schools;
- Annual visits to nonpublic nursery schools and kindergartens by Department staff;
- Annual assessments for homeschool students;
- Continuous experience requirements for certain professions;
- Examination timeframe requirements for Public Accounting applicants;
- Educational program requirements for licensure in a profession under Title VII of the Education Law;
- In person supervision experience requirements for certain professions;
- Filing and submission timelines for Part 83 and Part 87 appeals to the Commissioner;
- The definition of the term “prospective school employee”;
- Certain procedures and timeframes for special education due process hearings;
- Timeframes related to special education programs and services;
- Filings with the Office of State Review;
- Certain timelines relating to Bilingual education;
- English language learners’ annual assessment;
- Unit of study requirements;
- Required Dignity for All Students Act (DASA) training;
- Teacher performance assessments (edTPA);

- Statement of continued eligibility (SOCE) and limited extension application deadline, and special education full-time teaching experience deadline; and
- School and district accountability.

Because the Board of Regents meets at scheduled intervals, the earliest the proposed amendment could be presented for regular (nonemergency) adoption, after publication in the State Register and expiration of the 45-day public comment period required in the State Administrative Procedure Act (SAPA) section 201(4-a), is the September 2020 Regents meeting. However, because the COVID-19 crisis is presently affecting the State of New York, emergency action is necessary for the preservation of public health and the general welfare in order to immediately provide flexibility for certain regulatory requirements in response to the COVID-19 crisis.

It is anticipated that the proposed rule will be presented for adoption as a permanent rule at the September 2020 Regents meeting, which is the first scheduled meeting after the 45-day public comment period prescribed in SAPA for State agency rule makings. However, since the emergency regulation will expire before the September meeting, it is anticipated that an additional emergency action will be presented for adoption at the July 2020 Regents meetings.
