SUBJECT: Registration of Public Schools
DATE: May 27, 2021
AUTHORIZATION(S): *Bellamy*

SUMMARY

Issue for Decision (Consent Agenda)

Should the Board of Regents register the public intermediate school listed in the attached table?

Reason(s) for Consideration

Required by State regulation (8 NYCRR 100.21).

Proposed Handling

The issue will come before the Full Board for action at its June 2021 meeting.

Procedural History

Beginning in July 2003, the Regents have annually approved the registration of new public schools. In 2012, the date for submission of registration petitions was moved from June 15 to March 1. Therefore, in recent years, the Department has been able to make recommendations to the Board of Regents at its May and/or June meetings regarding registration of public schools.

Background Information

Commissioner's regulations require that districts seeking to register a public elementary, intermediate, or high school must submit a petition to the Board of Regents.

The school listed on the attached table is being recommended by the Commissioner for registration, based upon the school district submitting a petition and supporting materials for this school certifying the district's commitment to operate the

school in compliance with applicable statutes, rules, and regulations relating to public schools and in compliance with applicable building codes.

The attached table contains information regarding a school for which a district has petitioned for registration effective with the beginning of the 2021-22 school year.

Following the Board of Regents taking action to register a school, the Commissioner, pursuant to section 100.21 of the Commissioner's regulations, will determine the accountability status of the newly registered school. A school district that seeks to register a new public elementary, intermediate, or high school must submit an addendum to the petition that provides such information as:

- Student admission criteria, including those pertaining to English language learners and students with disabilities, as well as the zoning patterns;
- Staffing (administration and instructional);
- Curricula; and
- Facilities.

This information is used to determine whether a school should open with an accountability status of "Good Standing" or if the school should carry over the accountability status of a school from which it split, into which it merged, or for which it is the successor.

Related Regents Items

Not applicable.
