Social Studies Regents Examination Requirements for a Diploma [P-12 (A) 6]

Your Committee recommends that paragraph (5) of subdivision (a) of section 100.5 of the Regulations of the Commissioner of Education is amended, effective July 1, 2016, as an emergency action upon a finding by the Board of Regents that such action is necessary for the preservation of the general welfare in order to ensure that students who are entering grade nine on or after September 1, 2016 are on notice of the shift in implementation of the new Global History & Geography II Regents examination so that they can adequately prepare for this new examination.

Hardship Waiver for Independent Evaluators for Annual Professional Performance Reviews for Classroom Teachers and Building Principals Commencing in the 2016-2017 School Year [P-12 (A) 7]

Your Committee recommends that sections 30-3.4 and 30-3.5 of the Rules of the Board of Regents shall be amended, effective June 20, 2016, as an emergency action upon a finding by the Board of Regents that such action is necessary for the preservation of the general welfare in order to immediately adopt revisions to the proposed amendment to provide districts with notice of the ability to obtain a hardship waiver for independent evaluators in an effort to provide additional flexibility to school districts when negotiating their annual professional performance review plans for the 2016-2017 school year.

MOTION FOR ACTION BY FULL BOARD

Madam Chancellor and Colleagues: Your P-12 Education Committee recommends, and we move, that the Board of Regents act affirmatively upon each recommendation in the written report of the Committee's deliberations at its meeting on June 14, 2016, copies of which have been distributed to each Regent.

MATTERS NOT REQUIRING BOARD ACTION

Update on Regents Exam Workgroup [P-12 (D) 1] – The Board of Regents was provided with an update on the Regents Exam Workgroup which was convened to advise on technical and policy aspects of the Common Core Regents Exams. The Workgroup has met several times since its creation and has engaged in thoughtful discussions covering many different aspects of the Regents Exams. Recent discussions have focused on the role of Regents Exams in graduation and interpretations of scores of Regents Exams. The Workgroup will continue to meet over the next several months and will draft recommendations to the Commissioner. Additional updates will be provided to the Board of Regents as the Workgroup continues their discussions.

Disproportionality by Race/Ethnicity in Special Education [P-12 (D) 2] – The Committee was presented with information on the Department's initiatives to address findings of disproportionality by race/ethnicity in the identification, classification, placement and disciplinary actions for students with disabilities in New York State school districts. A panel of experts discussed how the Technical Assistance Center on Disproportionality (TAC-D) engages school districts in the work of addressing disproportionality. TAC-D's work includes building the capacity of regions and districts in understanding the root cause and systemically addressing the disproportionate assignment of various subgroups in special education. This entails providing professional development trainings, coaching, training follow-ups, materials, and resources.

Panel members included:

- Dr. David Kirkland, Executive Director of Metropolitan Center for Research on Equity and the Transformation of schools at NYU
- Dr. Patrick Jean-Pierre, Director of the Technical Assistance Center on Disproportionality at NYU
- Superintendent Clarence Ellis, Superintendent of Community District 17 in Brooklyn
- Principal Padmore-Gateau Carlen, Coordinator for District 17 Guardians of Equity Supports

New York State P-12 Science Learning Standards [P-12 (D) 3] – The Committee was presented with revised New York State P-12 Science Learning Standards for consideration. Discussion focused on the revisions made to the draft set of NYS P-12

Science Learning Standards based on stakeholder feedback and suggestions from the field related to local school district implementation of the new standards. The Committee was provided with a proposed transition strategy beginning this summer and going through the 2021-22 school year. The new standards will be brought back to the Board in fall 2016 for final adoption, and at that time the Department will provide an update on the implementation of curriculum across the state and the status of new assessment development activities.

State Level Review of Impartial Hearing Officer Determinations for Students With Disabilities [P-12 (D) 4] – The Committee discussed proposed amendments to regulations relating to the procedures concerning appeals of impartial hearing officer decisions to a State Review Officer. The proposed amendment is needed to correct citations and references, provide clarification of and update the procedures concerning appeals of impartial hearing officer decisions to a State Review Officer, and to expedite and otherwise facilitate the processing of petitions for review to State Review Officers. It is anticipated that the proposed amendment will be presented for adoption at the September 2016 Regents meeting.

Regents Research Work Group – Regent Judith Johnson led a discussion in preparation for the first meeting of the Regents Research Work Group to be held on Tuesday, June 14. The work group was established at the April 2016 Board of Regents meeting in part to provide the Board with a review of promising research findings aligned to policy proposals and to provide evidence that a policy initiative has the potential to improve the chances of transforming systems. Also discussed was the development of a survey to be completed by Board members that seeks ranking of policy priorities. The results of the survey will be discussed at the July Regents Retreat. Next steps include building a research agenda, analyzing the feedback from the survey, identifying and interviewing potential strategic partners, launching a pilot, and identifying guest presenters for upcoming Regents meetings.

Consent Agenda

The Board of Regents will take action on the following consent agenda items at their June 14, 2016 meeting.

- Regulations relating to Expand the Eligible Score Band for the Appeal Process on Regents Examinations Passing Scores
- Petition to Exceed the Constitutional Debt Limit for Dunkirk CSD
- Petition to Exceed the Constitutional Debt Limit for Geneva CSD
- Petition to Exceed the Constitutional Debt Limit for Hornell CSD
- Petition to Exceed the Constitutional Debt Limit for Johnstown CSD
- Registration of Public Schools
- Regulations relating to Recommendations for One-to-One Aides for Preschool and School-Age Students with Disabilities and Preschool Special Education Programs and Services

PROFESSIONAL PRACTICE

Your Professional Practice Committee held its scheduled meeting on June 13, 2016. All members were present, except Regent Wade S. Norwood, who was excused. Regent Elizabeth S. Hakanson and Regent James R. Tallon, Jr. were also present, but did not vote on any case or action.

ACTION ITEMS

Professional Discipline Cases

Your Committee recommends that the reports of the Regents Review Committees, including rulings, findings of fact, determinations as to guilt, and recommendations, by unanimous or majority vote, contained in those reports which have been distributed to you, be accepted in 6 cases. In addition, your Committee recommends, upon the recommendation of the Committee on the Professions, that 30 consent order applications and 4 surrender applications be granted.

In the case of Gina Allgeier, Clinical Laboratory Technician, Calendar No. 28515, we recommend that, effective on the effective date of the Vote and Order in this matter dated April 19, 2016, said Original Vote and Order in this matter be ratified in all respects, except that, upon respondent's written agreement, the identity of respondent's profession shown throughout the Application For Consent Order signed by respondent on September 1, 2015 and granted by the Board of Regents on April 19, 2016 be deemed corrected as follows: the title "clinical laboratory technician" be deemed substituted in lieu of the title "clinical laboratory technologist" wherever such title is stated, including but not limited to respondent's agreement to the penalty imposed with respect to her certification to practice as a clinical laboratory technician in the State of New York, and the corrected penalty imposed on respondent in this matter thus relates to respondent's "certification to practice as a clinical laboratory technician in the State of New York"; and that the determination rendered on April 19, 2016 shall otherwise remain in full force and effect.

These recommendations are made following the review of 40 cases involving seven licensed practical nurses, five registered professional nurses, three certified public accountants, three pharmacists, three veterinarians, two licensed practical nurses who are also registered professional nurses, two massage therapists, two pharmacies, one chiropractor, one clinical laboratory technologist, one dental hygienist who is also a holder of a certificate of dental hygiene restricted local infiltration anesthesia/nitrous

oxide analgesia, one dentist, one landscape architect, one licensed master social worker, one massage therapy professional corporation, one physical therapist, one podiatrist, and one professional engineer.

Restorations

Your Committee recommends the following:

That the application of Paul Sender for the restoration of his license to practice as a physician in New York State be denied. [PPC EXS (A) 4]

MOTION FOR ACTION BY FULL BOARD

Madam Chancellor and Colleagues: Your Professional Practice Committee recommends, and it moves, that the Board of Regents act affirmatively upon each recommendation in the written report of the Committee's deliberations at its meeting on June 13, 2016, copies of which have been distributed to each Regent.

MATTERS NOT REQUIRING BOARD ACTION

Your Committee discussed several topics of interest, including:

Deputy Commissioner's Report/Update [Oral Report]

Full Board Consent Agenda Items

- Board (Re) Appointments
- Licensing Petitions

Consent Orders in Disciplinary Proceedings for the Professions – Proposed Amendment to Section 17.5 of the Rules of the Board of Regents. The profession of pharmacy is the only profession where the executive secretary of the State Board must agree to the licensee's or registrant's proposed misconduct statement and proposed penalty before a consent order can be presented to the Board of Regents for its consideration and action. This requirement can result in delays in the consent order process and resolution of disciplinary matters involving licensed pharmacists and registered pharmacy establishments. The proposed amendment eliminates these potential delays by removing this requirement. Eliminating this requirement will further the protection of the public by enabling the consent order process for disciplinary matters involving licensed pharmacists and registered pharmacy establishments to be completed more promptly. (Discussion)

Licensure of Licensed Perfusionists - Proposed Amendment to Section 29.2 of the Rules of the Board of Regents and Sections 52.47 and 79-19 of the Regulations of the Commissioner of Education. The proposed amendment implements Chapter 409 of the Laws of 2013, which establishes and defines the practice of the profession of perfusion and the requirements for licensure as a licensed perfusionist, which include, but are not limited to, education, experience, examination and limited permit requirements, as well as the requirements for the grandparenting licensure pathway. The proposed amendment also establishes the program registration requirements for professional education programs and adds perfusion to the list of health care professions that are subject to its unprofessional conduct provisions. (Discussion)

What are Community Schools?

Community Schools Definition:

“a *strategy* for organizing the *resources* of the community around *student success*.”*

Through extended hours, services and relationships, community schools reconceive education as a *coordinated, child-centered effort* in which schools, families and communities *work together* to:

- **Support students’ educational success;**
- **Build stronger families; and**
- **Improve communities.**

Building Community Schools: A Guide for Action. (2014) National Center for Community Schools.

Community Schools Best Practices

Community Schools share three foundational pillars*:

1. **A rigorous academic program** with strong supports to prepare all students for college, careers, and citizenship;
2. **A full range of school-based and school-linked programs and services** that, based on a needs assessment of the community, address the comprehensive needs of the students and their families *e.g., access to health, dental, mental health, housing, legal services as well as before and after school programs; and*
3. **Partnerships that demonstrate collaboration with the local community**, including engaging families and other community stakeholders *e.g., YMCAs, Boys and Girls Clubs, Children's Aid Society.*

* *Building Community Schools: A Guide for Action. (2014) National Center for Community Schools.*

“Can someone help me with these? I’m late for math class.”

Community Schools Best Practices

- ✓ Begin with a Needs Assessment that includes input from families and the community (*academic support, enrichment, health, mental health, social services, nutrition, among others*);
- ✓ Designate a Coordinator to manage the community school strategy: recruit and coordinate strong community partners and ensure responsiveness of community partners to school and community needs;
- ✓ Focus on Family Outreach to those who represents the community;
- ✓ Provide continuous support aligned with the results of the Needs Assessment with an emphasis on the “Whole Child”;
- ✓ Offer Expanded Learning Opportunities, including extended hours; and
- ✓ Plan for Sustainability.

Community Schools Initiatives Administered By the State Education Department

1. 1980s and 1990s Community Schools Program Grants
2. 2013-14 & 2014-15 Community Schools Grant Initiative

2015-16 Enacted State Budget Allows Funds for Community Schools in Persistently Struggling Schools

Section 211-f of the Education Law provides persons or entities vested with the powers of a receiver new authority to, among other things, convert schools to community schools providing wrap-around services.

A Community School is defined in section 100.19(a)(8) of the Commissioner's regulations as a school that partners with one or more agencies with an integrated focus on rigorous academics and the fostering of a positive and supportive learning environment, and a range of school-based and school-linked programs and services that lead to improved student learning, stronger families, and healthier communities. When a school is placed in receivership, the independent receiver is required to convert the school to a Community School.

Current Commissioner's Regulations on Community Schools: Section 100.19

Community Schools must:

1. Address social services, health, and mental health;
2. Provide access to services in the school community to promote a safe and secure learning environment;
3. Encourage family and community engagement;
4. Provide access to nutrition services, resources, or programs;
5. Provide access to early childhood education;
6. Offer access to career and technical education as well as workforce development services; and
7. Offer expanded learning opportunities that include afterschool, summer school, science, technology, engineering, arts, math programs, mentoring, and other youth development services.

2016-17 Persistently Struggling and Struggling Schools in Receivership \$75M

Section 211-f of the Education Law provides persons or entities vested with the powers of a receiver new authority to, among other things, convert schools to community schools providing wrap-around services.

The 2016-17 State Budget included \$75M specifically to provide grants to districts to support the operating and capital costs associated with the transformation of Persistently Struggling and Struggling Schools into community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families.

2016-17 State Aid Foundation \$100 Million Set-Aside

Community Schools Foundation Aid Set-Aside

- Included in the 2016-17 State Budget: \$100 Million Community Schools Set-Aside appropriated for 225 school districts.
- Each school district shall set aside from its total foundation aid funds to support new or expand Community Schools strategies defined in statute as: *“the transformation of school buildings into community hubs to deliver co-located or school-linked academic, health, mental health, nutrition, counseling, legal and/or other services to students and their families to support costs incurred to maximize students’ academic achievement.”*

Other Funding Sources that May Be Used to Help Support Activities for Community Schools Models

- Federal ESEA School Improvement Grant
