Reason for Consideration

Review of policy.

Proposed Handling

The proposed amendment is submitted to the Full Board for adoption as an emergency rule at its July 2022 meeting. A copy of the proposed amendment is included (Attachment A), and a Statement of Facts and Circumstances which Necessitate Emergency Action is included (Attachment B).

Procedural History

The proposed amendment was presented to the Higher Education Committee for recommendation to the Full Board for adoption as an emergency rule at the June 2022 meeting of the Board of Regents. A Notice of Emergency Adoption and Proposed Rule Making will be published in the State Register on June 29, 2022, for a 60-day public comment period.

Because the June emergency action will expire on September 11, 2022, a second emergency action is necessary to ensure the emergency rule remains continuously in effect until it can be permanently adopted at the October 2022 Regents meeting. A Notice of Emergency Adoption will be published in the State Register on September 28, 2022. Supporting materials are available upon request from the Secretary to the Board of Regents.

Background Information

At its April 2021 meeting, the Board of Regents extended the date by which school building leader (SBL) preparation programs must be aligned with the Professional Standards for Educational Leaders (PSELs), with some modifications, to September 1, 2022, in response to the COVID-19 pandemic. The definition of “leadership standards” was also revised accordingly within the context of Annual Professional Performance Reviews (APPR).

Additionally, the Board of Regents created a safety net period for the School Building Leader Assessment at its March 2021 meeting that is ongoing. During this period, the predecessor Revised (September 2013) School Building Leader Assessment test continues to be available as candidates and SBL preparation programs become familiar with, and transition to, the Revised (May 2019) School Building Leader Assessment that is aligned with the PSELs. The deadline for the safety net is August 31, 2024, which is two years after the September 1, 2022 date when SBL preparation programs must be registered based upon the PSELs.¹

The Department now proposes to extend the date by which SBL preparation programs must be aligned with the new PSELs until September 1, 2023, to provide programs with additional time to revise their curriculum, if needed, given the continuing challenges presented by the COVID-19 pandemic. The Department also proposes to revise the definition of “leadership standards” to mean the new PSELs for APPRs conducted in the 2025-2026 school year or later. Additionally, the proposal makes a corresponding amendment to clarify that nothing shall be construed to abrogate any conflicting provisions of any collective bargaining agreement in effect on September 1, 2025, that requires the use of the 2008 *ISLLC Standards*. Finally, the proposed amendment changes the deadline for the School Building Leader Assessment safety net to August 31, 2025.

¹ Candidates typically complete SBL preparation programs within two years.

Recommendation

It is recommended that the Board of Regents take the following action:

VOTED: That sections 52.21 and 80-1.5 of the Regulations of the Commissioner of Education and section 30-3.2 of the Rules of the Board of Regents be amended, as submitted, as an emergency measure, effective September 12, 2022, upon a finding by the Board of Regents that such action is necessary for the preservation of the general welfare to extend the date by which school building leader (SBL) preparation programs must be aligned with the Professional Standards for Educational Leaders (PSELs), with some modifications, to on or after September 1, 2023, to provide programs with additional time to revise their curriculum, if needed, given the continuing challenges presented by the COVID-19 pandemic, and to ensure the emergency action taken at the June 2022 meeting remains continuously in effect.

Timetable for Implementation

If adopted as an emergency rule at the July 2022 Regents meeting, the emergency rule will become effective September 12, 2022. It is anticipated that the proposed rule will be presented to the Board of Regents for permanent adoption at the October 2022 Regents meeting, after publication of the proposed amendment in the State Register and expiration of the 60-day public comment period required under the State Administrative Procedure Act. If adopted at the October 2022 meeting, the proposed amendment will become effective on October 19, 2022.

STATEMENT OF FACTS AND CIRCUMSTANCES WHICH NECESSITATE
EMERGENCY ACTION

At its April 2021 meeting, the Board of Regents extended the date by which school building leader (SBL) preparation programs must be aligned with the Professional Standards for Educational Leaders (PSELs), with some modifications, to on or after September 1, 2022, in response to the COVID-19 pandemic. The definition of “leadership standards” was also revised at this meeting to mean the new PSELs for Annual Professional Performance Reviews (APPR) conducted in the 2024-2025 school year or later, extending the implementation timeline by one year consistent with the September 1, 2022 date for program alignment.

Additionally, the Board of Regents created a safety net for the School Building Leader Assessment at its March 2021 meeting. During the safety net, the predecessor Revised (September 2013) School Building Leader Assessment test continues to be available as candidates and SBL preparation programs become familiar with, and transition to, the Revised (May 2019) School Building Leader Assessment that is aligned with the PSELs. The deadline for the safety net is August 31, 2024, which is two years after the September 1, 2022 date when SBL preparation programs must be registered based upon the PSELs.

The Department now proposes to extend the date by which SBL preparation programs must be aligned with the new PSELs until September 1, 2023, to provide programs with additional time to revise their curriculum, if needed, given the continuing challenges presented by the COVID-19 pandemic. As such, the Department also

proposes to revise the definition of “leadership standards” to mean the new PSELs for APPRs conducted in the 2025-2026 school year or later. Additionally, the proposal makes a corresponding amendment to clarify that nothing shall be construed to abrogate any conflicting provisions of any collective bargaining agreement in effect on September 1, 2025, that requires the use of the 2008 *ISLLC Standards*. Finally, the proposed amendment changes the deadline for the School Building Leader Assessment safety net to August 31, 2025. Candidates typically complete SBL preparation programs within two years.

The proposed amendment was presented to the Higher Education Committee for recommendation to the Full Board for adoption as an emergency rule at the June 2022 meeting of the Board of Regents, effective June 14, 2022. Since the Board of Regents meets at fixed intervals, the earliest the proposed amendment could be adopted by regular (nonemergency-emergency) action after expiration of the 60-day public comment period provided for in the State Administrative Procedure Act (SAPA) sections 201(1) and (5) would be the October 2022 Regents meeting. Furthermore, pursuant to SAPA 203(1), the earliest effective date of the proposed rule, if adopted at the October meeting, would be October 19, 2022, the date the Notice of Adoption would be published in the State Register.

However, the emergency rule will expire on September 11, 2022. Therefore, a second emergency action is necessary at the July 2022 meeting for the preservation of the general welfare to extend the date by which school building leader (SBL) preparation programs must be aligned with the Professional Standards for Educational Leaders (PSELs), with some modifications, to on or after September 1, 2023, to provide

continuity for SBL preparation programs until the proposed rule can be permanently adopted, which is after the current deadline of September 1, 2022, and to ensure that the emergency action taken at the June meeting remains continuously in effect until the rule can be permanently adopted.

It is anticipated that the proposed rule will be presented to the Board of Regents for adoption as a permanent rule at its October meeting, which is the first scheduled meeting after expiration of the 60-day public comment period mandated by SAPA for State agency rulemaking.
