Petition for: Endorsement of his medical license from India.

Statement of Problem: Commissioner's Regulations allow endorsement of an applicant's license from another jurisdiction if appropriate requirements are met, and the applicant has not failed any part of New York State's licensing examination. A license granted in a foreign country can be endorsed if licensure in that country is regulated by an organization designated as responsible for quality assurance and acceptable to the Board of Regents. Additionally, the applicant must satisfactorily demonstrate completion of an acceptable proficiency examination, clinical competency examination, three years of American Council on Graduate Medical Education (ACGME) accredited postgraduate training or the equivalent, and five years of satisfactory professional experience.

The Executive Secretary of the State Board for Medicine has reviewed the documentation submitted in support of Dr. Khetan's application. He recommends that Dr. Khetan's Fellowships, Diploma and Diplomate Training be accepted as the equivalent of the three years of ACGME-accredited postgraduate training required for licensure.

Commissioner's Regulations allow the Board of Regents to accept appropriate foreign medical licenses and diplomate certificates to fulfill the licensure, proficiency, and clinical competency requirements for licensure by endorsement. Dr. Khetan obtained his medical license in India in 2006. His Indian license is active and in good standing. Additionally, Dr. Khetan is a Fellow at the American College of Surgeons as of October 2019 and holds fellowship of the Royal College of Physicians and Surgeons of Glasgow as of July 2019 and Fellowship of the Royal College of Surgeons of Edinburgh as of March 2019.

The Executive Secretary of the State Board for Medicine recommends that Dr. Khetan's Indian license be endorsed, and his Fellowships be accepted to fulfill the proficiency examination and the clinical competency requirements for endorsement.
