Office of the Professions (OP) Public Information Website Redesign

June 14, 2022

OP Website Redesign Project

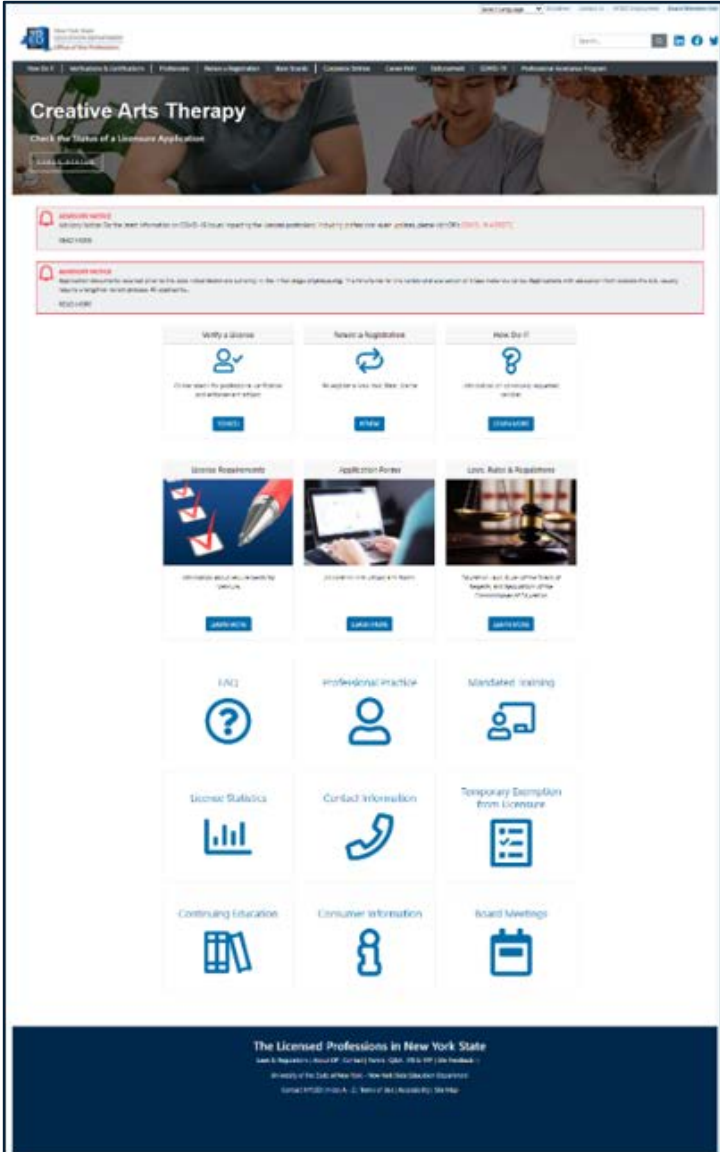

The OP website redesign project is part of the OP Modernization Program and will improve OP's ability to assist the public.

User-Friendly Format

- Easy to find and simple to understand information about professional licensing
- More than 2,000 content webpages were migrated to the redesigned website

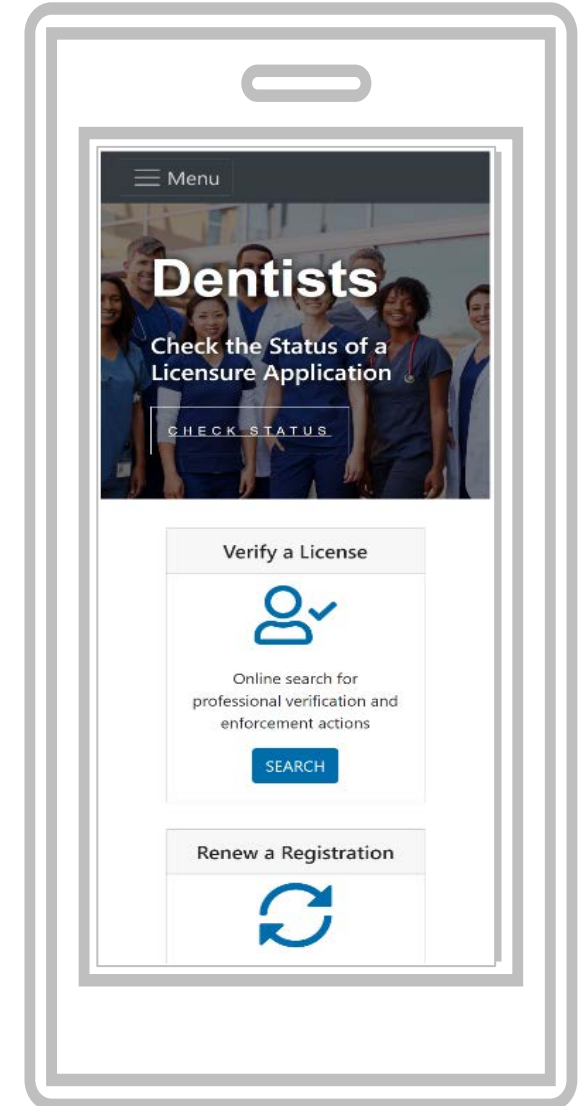

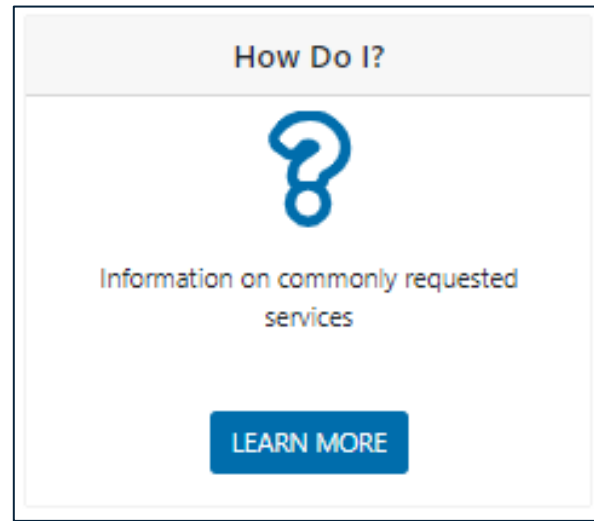

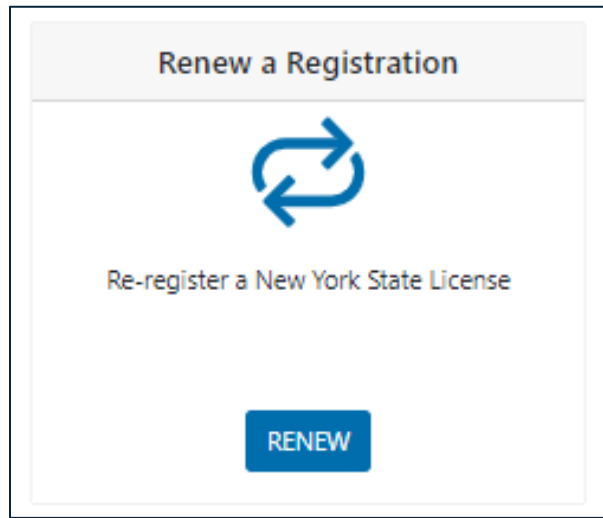

<h3>License Requirements</h3>  <p>Information about requirements for licensure.</p> <p>LEARN MORE</p>	<h3>Application Forms</h3>  <p>Application instructions and forms.</p> <p>LEARN MORE</p>	<h3>Laws, Rules & Regulations</h3>  <p>Education Laws, Rules of the Board of Regents, and Regulations of the Commissioner of Education</p> <p>LEARN MORE</p>

The screenshot shows the website interface for Creative Arts Therapy. At the top, there is a navigation menu with links for Home, Verification & Certifications, Professions, Renewal Registration, Renew Search, License Status, Career Path, Information, COVID-19, and Professional Assistance Program. A search bar is located in the top right corner. Below the navigation is a hero section with the title "Creative Arts Therapy" and a sub-header "Check the Status of a License Application". There are two red alert boxes with "ADVERTISEMENT" labels. The main content area features a grid of service tiles, each with an icon and a "LEARN MORE" button. The tiles include: Verify a License, Renew a Registration, How Do I?, License Requirements, Application Portal, Laws, Rules & Regulations, FAQ, Professional Action, Mandated Training, License Statistics, Contact Information, Temporary Exemption from Licensure, Continuing Education, Consumer Information, and Board Meetings. The footer contains the text "The Licensed Professions in New York State" and contact information for the Department of Education.

Available on All Platforms

- Device agnostic to work similarly on all screen sizes, including computers, tablets, and smart phones
- Responsive icons make mobile access easier
- Data-driven design: highly sought information is easy to find

Expanded Verification Search Function

Redesigned Verification Search will include enforcement actions associated with professionals, corporations, and pharmacies
