DENTISTRY

15-03-50 Juan Yepes Lexington, KY

(Pontificia Universidad Javeriana, Bogota, Colombia, Titulo de Odontologo, December 1992)

Petition for: Acceptance of education.

<u>Statement of Problem</u>: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable preprofessional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology, and physics) and an acceptable professional dental education program of at least four years in length, for a total of six years of preprofessional and professional education.

Dr. Yepes completed a five-year professional dental education program at Pontificia Universidad Javeriana in Bogota, Colombia without acceptable preprofessional study. Therefore, he lacks one year of education which is in the preprofessional area.

However, Dr. Yepes also completed three years of study from September 2004 to December 2007, culminating in a Master of Public Health degree at University of Kentucky in Lexington, Kentucky. The Executive Secretary of the State Board for Dentistry recommends that these studies be considered to fulfill the remaining one year of required preprofessional education.

Additionally, an applicant who completed a program of dental education in an unregistered or unaccredited dental school must complete the required two academic years of study in an accredited dental school program, culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Dr. Yepes also completed two academic years of study from September 2010 to May 2012, culminating in a Master of Science in Pediatric Dentistry at University of Kentucky in Lexington, Kentucky. The Executive Secretary of the State Board for Dentistry recommends that his advanced education be considered as the substantial equivalent of the two-year program required in Regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 61 of the Regulations of the Commissioner of Education requires:	
(1) Not less than 60 semester hours of preprofessional education including courses in general chemistry, organic chemistry, biology or zoology, and physics.	(1) Three academic years of graduate study from September 2004 to December 2007 culminating in a Master of Public Health at University of Kentucky in Lexington, Kentucky.
(2) Four academic years of dental education culminating in a degree in an acceptable dental school.	(2) Five years of acceptable professional dental education culminating in a Titulo de Odontologo at Pontificia Universidad Javeriana, Bogota, Colombia, December

	1992.
(3) Two academic years of study in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school.	(3) Two academic years of study of graduate from September 2010 to May 2012 culminating in a Master of Science in Pediatric Dentistry at University of Kentucky in Lexington, Kentucky.
(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.	(4) Satisfactory scores on Parts I and II of the National Dental Board Examinations.

(6) United States citizen or alien lawfully admitted for permanent residence in the United States.	(6) United States Citizen
(7) Evidence of the required course in the identification and reporting of child abuse and maltreatment.	(7)

<u>RECOMMENDATION</u>: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Dentistry, recommends that the applicant's professional education requirements be considered fulfilled.

MEDICINE

15-27-60 Joseph Busch Chattanooga, Tennessee

(University of Tennessee, Memphis, Tennessee, Doctor of Medicine, December 1970)

<u>Petition for</u>: Acceptance of an American Board of Specialties Certification in lieu of the clinical competency part of the New York State medical licensing examination.

<u>Statement of Problem</u>: Section 60.4 of the Regulations of the Commissioner allows an applicant for medical licensure to fulfill the New York State medical licensing examination requirement by passing all parts of a licensing examination of another state given prior to January 1, 1972 that was satisfactory to the New York State Board for Medicine.

Dr. Busch received his first medical license in Mississippi in July 1971. This license was based on Dr. Busch passing the Mississippi state-constructed examination in June 1971. However, the Mississippi state-constructed examination is only partially endorsable, and applicants must also pass the clinical competency part of the New York State licensing exam to meet the full examination requirement.

Dr. Busch completed three years of the Accreditation Council on Graduate Medical Education (ACGME) accredited Radiology training from February 1974 through January 1977 at the University of Tennessee Health Science Center in Memphis, Tennessee. He became certified in Diagnostic Radiology by the American Board of Radiology (ABR) in June 1977.

Department staff recommends that the Certification by the ABR be accepted to fulfill the clinical competency part of the New York State licensing examination requirement.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Commissioner's Regulations, Part 60, require:	
(1) Six years of postsecondary education, including a medical education at least 32 months in length.	(1)(a) University of Tennessee, Memphis, Tennessee, Bachelor of Science, June 1967.(1)(b) University of Tennessee, Memphis, Tennessee, Doctor of Medicine, December 1970.

<u>RECOMMENDATION</u>: The Committee on the Professions, in concurrence with the Executive Secretary of the State Board for Medicine, recommends that the applicant's Certification by the American Board be accepted to fulfill the clinical competency part of the New York State licensing examination.
